College Finances

The financial outlook of the college is very bright indeed. Friends have rallied to its support and responded with notes and cash to the amount of \$92,410.00. There remains \$7,590.00, to be secured in order to bring the offerings up to the required \$100,000.00. This balance which is comparatively small, should be contributed before June next so that the forty-fourth annual commencement may be the best in the history of the college.

The Bishop J. S. Mills scholarship will not be available next year, but will be effective thereafter.

Already some speak of endowment which is next in importance to the payment of the debt. Substantial contributions should be received annually by gift—by will from the good people who wish to see the cause of Christian education prosper and fulfil its mission in the church and in the nation.

The improvements that have been made have been paid for and the science department has been equipped at a cost of seven or eight thousand dollars.

The financial outlook of Lebanon Valley is steadily improving.

PRES. KEISTER.

Harold Ludwig, of Rayville, Md., Roy Stoner, of Lemasters, Pa. and John Gonso, of Frederick, entered the Academy at the opening of the winter term.

Prof. H. H. Shenk and family spent part of their holiday vacation in Downingtown, Pa, the guests of Hon. James G. Fox and family.

PERSONALS

F. E. Sheaffer '10, E. E. Renn '10, and F. F. Hardman spent last Thursday in Harrisburg on business.

S. G. Zeigler '11 pastor of the U. B. Church at Duncannon returned from that place on Monday, after completing a series of evangelistic meetings.

Miss Lena Hoerner '10, E. A. Spessard '11, and W. A. Brunner '11, attended the Students Volunteer Convention, at Rochester, N. Y.

Misses Bertha Erb and Bertha Hepler, music students, have not returned for the winter term.

Prof. and Mrs. Jackson spent the Christmas holidays in New York City where Mrs. Jackson took special work under Prof. Sarger.

F. T. Kohler '10 filled the pulpit at both services on Sunday, Jan. 9, in Grace U. B. Church, West Fairview, Pa., owing to the illness in the family of the pastor, Rev. J. P. Koontz.

Announcement has been made of the marriage of S. Forry Glessner to Elizabeth Laura, daughter of Mr. and Mrs. F. Lingle of Reading, Pa., Jan. 1, 1910. Mr. Glessner was an Academy student during the fall term.

Miss Elizabeth Kreider, of Palmyra, a former music student has not returned for the winter term.

F. F. Hardman, music, spent the week with his parents at Reading.

W. H. Peiffer a former Academy student again resumed his studies at the opening of the winter term.

I. Boyd Wenger, an Academy student preached in Lebanon on Sunday, Jan. 9.

A. S. Kreider, Jr. ex-'12 returned to Cornell University where he is taking a course in business management.

Mabel S. Herr ex-'11 returned on Tuesday to Women's College, Baltimore, Md.

Miss Louise Preston Dodge, Professor of Latin and French spent the holiday season with friends in New England.

Prof. A. E. Shroyer preached in Lebanon on Sunday, Jan. 9, for Rev. H. E. Miller owing to the death of Rev. Miller's father-in-law.

Miss Elizabeth Meckley ex-'13 spent Wednesday at the college.

Notice

As the Executive Committee of the Athletic Association deemed it wise under the present conditions to have the manager cancel the basket ball season, every student should be desirous for the next best thing—a good base ball season. To do this it is necessary that at least seventy-five Athletic fees be paid before Jan. 15. Let us try to make this coming season as successful as the foot ball season. Let every student get spirit enough to pay their Athletic fee to Treasurer Koontz before Jan. 12, 1910., either at room 19, men's dormitory or at the desk in the Library. The list of those paying will be posted. Don't be last on the list.

Editorial

THE initial number of the COLLEGE NEWS is with you. As we have not been represented by any college paper for about two years we are especially gratified in sending out this weekly publication. Not that we did not realize the need and value of such periodical earlier, but for various reasons it seemed impossible, at least for a time. That some news medium is necessary no one will deny, for no college reading-room is complete without its own college paper. It is necessary from the standpoint of the student body, in order to create more unity of interest. Likewise it will serve as a means of keeping in contact with our alumni, causing a more permanent interest in the welfare of their Alma Mater.

It is our purpose in this publication to supply that need, to emphasise those phases of college life and activities which will result in a more unity of interest; to present such matter that will broaden and deepen our concern in the welfare of our college, to stimulate a stronger spirit of loyalty for Lebanon Valley not only among the student body but also among

the alumni and wherever College News may be read.

In order that we may carry out this purpose and make this a representative college paper we need your co-operation also solicit your kindly suggestions and friendly criticisms. Help us in procuring material by reporting news to any member of the staff. Send a paper to your home friends, they will appreciate it. Under such conditions we feel confident the COLLEGE NEWS will never lack in interest or circulation.

Biological Field Club Notes

The Biological Field Club is doing some very interesting work this year. The membership has been increased and an active interest is being taken by members of the club in the preparation and rendering of some very good reports. Space does not permit us to mention all the subjects we have discussed in our meetings this year, so we can only mention a very good report on "Algae," by Messrs. P. R. Kennedy and W. O. Ellis, and The Dispersion of Seeds, by Messrs. W. A. Brunner and W. C. Plummer.

The club meets in regular session once each month—the second Wednesday of each month at 6 p. m., in the recitation room of Prof. Derickson.

The next regular meeting will be held Wednesday, January 12, 1910.

Visitors especially are welcome to our programs.

The following is the program for January 12, 1910:

The Carols of the Bermuda Islands, L. May Horner, The Sponges of the Bermuda Islands, E. A. Spessard; A Comparison of Vertebrate Skeletons, F. E. Shaffer; Common Pantry Moulds, Carrie E. Light; Mid-winter condition of Leaf and Flower Buds, C. F. Harnish.

Visitors are welcome.

Y. M. C. A.

The first session of the Y. M. C. A. for the year held on Sunday afternoon was very well attended. Mr. E. J. Hockenbury, of the Lebanon association, was present and gave a very timely and enthusiastic address. The subject he presented was "Forces that Win." He said that loyalty, he found was the supreme requisite of character in bringing success. Truth and Love as elements of character and forces for success he advanced in a new and impressive manner, citing many practical examples of young men achieving success by faithfully observing these qualities in their everyday actions. Mr. Hockenbury held the rapt attention of his entire audience for over half an hour.

President Keister in a short address ably supplemented the speaker's remarks and gave some sound advise.

The singing was spirited under the direction of Mr. Spessard which added much to the enjoyment of the hour.

Mr. Wilbur Plummer the leader read the scripture and made the opening prayer. Prof. J. E. Lehman closed the service with prayer. All the men of the college are urged to attend these Sunday devotions.

Program, Sunday, Jan. 16: Leader, W. A. Brunner, Subject: Know Thyself and Relation to God.

Miss Edna Fleury, of New Port, Pa. was the guest of Mr. William E. Herr over New Year.

The Rochester Convention.

The Sixth International Convention of the Student Volunteer movement held in Rochester from December 29, '09, till January 2, '10, was a decided success and marked the high tide of the movement.

The crises in all parts of the non-christian world were ably discussed by master minds on these subjects. Among these able speakers were Robert E. Speer, John R. Mott, Sherwood Eddy, Zwemer, Bishops McDowell and Hartzel, Robert Wilder, Honorable James Bryce, and scores of others prominent in missionary circles. It is well to bear in mind that each speaker had his information first hand and a consecration to the cause that made each speech a living brand in the hearts of hearers. To this convention were gathered 2,678 students and 359 professors from 722 colleges and universities situated in all parts of the United States and Canada. To this number were added 165 missionaries, 95 secretaries of mission boards, 125 Y. M. and Y. W. C. A. secretaries, 78 international, State and provincial secretaries, 3 European secretaries, making a total of 3,624 delegates representing 49 States and provinces and 29 counties.

It is impossible to estimate the influence of this convention. Many of the delegates have gone to their schools determined to sign the volunteer declaration. All have had a wider vision and a new interest in missions and mission Study. Finally if a single soul who was present did not experience a closer consecration to Christ and his great work, the spreading of the Kingdom, that

soul must have been flint. Last but by no means least the hospitality of the citizens of Rochester was a great factor in the success of the convention. The delegates vied with each other in praising their hosts and hostesses. Thru these the convention will doubtless exert a profound influence upon the city and the career of many a volunteer will be watched by anxious hearts from Rochester.

Y. W. C. A. Meeting

The meeting was led by Miss Edith Lehman; Subject: Bringing Others to Christ, A College Girls' Opportunities; Scripture Lesson: John 1: 35-51. The leader emphasized the thought that since we are all children of God and brothers of Christ it is our duty and privilege to share our blessings with others and be God's missionaries. The college girl is better fitted to spread the gospel, because of the broader knowledge and so more is expected of her. We should lay aside all selfishness, but when we take up the cross of Christ we should ask others to share it with us. Let our lights so shine that others may see our good works and profit by them. The college girl shows by her acts what life she wishes to lead. She cannot be too careful, by her very acts she may influence the life of another; she can strengthen others by her life, and lead those to have faith in Christ who never knew Him. The subject was open for general discussion and many interesting and beneficial thoughts were expressed by those present. The meeting was very well attended and we hope the interest will continue throughout the year.

Class Re-union

We have just learned that the Class of '05 is planning for a class reunion in the halls of their Alma Mater during the coming commencement season. We hope the members of '05 will come to visit us and let us know of their achievements of a half a decade. May we fondly hope that not only '05 but many of our classes may come and join with us for the commencement in the early days of June 1910.

We are also very much pleased to learn of the large number of alumni who are entering advanced course in the Universities. This is shown by the large and increasing number of alumni who are asking for their records while at L. V.

Let us as under graduates remember that our grades may at some time be of use to us.

Editorial

We are now in our examination season. These seasons come to us twice each year and are viewed by us in different ways. Some declare that after examination is over they will study more than ever. Others of us seem to relax all our efforts and do as little as possible until we are confronted with the examinations of another half year.

Some approach the examination room as if going to class or a game on the athletic field. Others come from their room on examination morning showing the signs of a night of intense study and go to the examination with fear and trembling. Why this difference?

We think this different view of examinations coincides very nearly with that of the minister who recently said in the course of his Sunday morning sermon, "We need not fear death for death is only the going for our reward." Can we not with the same thought say "We need not fear to go to the examination because it is only going for our reward."

Have we done our work truthfully and honestly, or have we

stolen study hours for the pursuit of pleasure. We must remember the words of a philosopher who in speaking of money said "You can't have money and money's worth at the same time" Have we devoted study hours to pleasure pursuits, we have had our reward. Have we been faithful to our task we will receive our reward in our grades.

Conservatory of Music Notes

The recital on Thursday evening, Jan. 20, was very much enjoyed by all present. Every selection was rendered from memory which added a great deal to the attractiveness of the program. There was a better attendance than usual, showing that the students and patrons are becoming more interested in the department, which is encouraging both to pupil and teacher.

PROGRAM

Duet, I Would That My Love, Mendelssohn, Misses Laura and Mary Christesen; Mazurka No. 2, Porter, Mr. David Evans; Song Slumber Song, Chrisholm, Miss Margaret Rigler; Springtime op. 8 No. 1, Kohler, Miss Mary Maulfair; Dance Caprice, Grieg, Miss Ruth Engle; Songs: *a* A Vain Wish, Strickland, *b* Lullaby, Vannah, Miss Eva Foltz; Nocturne op. 28, No. 1, Meyer Helmond, Miss Sara Strickler; Song O Lord be Merciful; Bartlett, Mr. Frank Hartman; The Chase, Reinberger, Miss Katie Gingrich; Song, My True Love, Denza, Miss Edith Gingrich; Song, Mattinata, Fosti, Miss Mary Musser; La Cascade (Etude) Bendel, Miss Mae Meyer; Songs, *a* Laddie Thayer, *b* A Love Note, Rogers, Miss Edith Freed.

MENDELSSOHN CLUB

The musical club had a business meeting last Tuesday evening and adopted the above name. The following program

will be rendered next Tuesday evening, Jan. 25:

Piano Duet, Miss Laura Christesen, Mr. Fred Smith; Vocal Solo, Miss Edith Gingrich; Biography of Mendelssohn, Mr. Dunmire; Piano Solo, Miss Ruth Detweiler. Everybody welcome.

Prohibition League Organized

On Wednesday, Jan. 19, Mr. Geo. E. Kline, of Illinois, Pennsylvania State secretary of the Intercollegiate Prohibition Association, was at the college and effected the organization of a local league. Mr. Kline spoke in the prayer meeting on Tuesday evening and again in chapel Wednesday morning. He called a meeting of students and persons for Wednesday noon when he stated the work of the association and the terms of membership and enrolled about twenty five.

Mr. M. R. Flemming '10, was elected president, Mr. A. R. Weigle '13, vice president; Mr. G. C. Bair '10, secretary and Mr. C. W. Plummer '10, treasurer.

The organization is entirely non-partisan and is intended to educate and enthuse college men and women in the question of prohibition. Oratorical contests are held in each local league which sends its winner to represent them in a state contest whose winner in turn is a competitor in the national contest. The only condition imposed is that the subject of the oration treat some phase of the liquor question. Owing to the lateness of the season, Mr. Amos R. Weigle was elected to the state contest to be held at Myers town in the later part of March. The national contest this year is to be held at McPherson, Kansas.

The thinking student is the stronger student; though the other fellow may have more fun, the thinker wins out in the end.

KALUZETEAN

An extempore program will be rendered January 28.

Mathematical Round Table Notes

The regular meeting of the Mathematical Round Table was held in the Reading room of the Library Wednesday evening Jan. 19, at 6 P. M.

The attendance was good and a lively interest was taken in the various numbers on the program. The paper by Clara Horn was very instructive and interesting. Her subject was The Biography of Leibnitz.

Lester L. Spessard then read a very interesting article entitled Is the Universe Infinite? A very lively discussion followed this article. The question is still open for debate.

Oliver Butterwick then read a very good paper: the subject of which was "The Boy Mathematician."

The last number on the program was a paper by Edna Kilmer. Her subject was "Checks: their Use and Abuse." The subject was very ably handled and many interesting and valuable points were set forth.

The business session followed, at which time the following officers were elected for the following semester: President, J. K. Lehman '11; Vice President, Oliver Butterwick '12; Secretary, Edna Kilmer '13; Treasurer, D. C. Keister '12.

Steps were taken by the members of the Round Table toward the securing of some noted mathematician to address the February meeting.

Dr. Geo. H. Hallet, one of the Professors of Mathematics in the University of Pennsylvania has been secured to address The Round Table for the February meeting. This is the occasion of the first anniversary and will be of special interest. It will of course be a public meeting and every one interested in mathematics should hear so interesting a speaker as Dr. Hallet. He will talk on a non-technical mathematical subject.

After a brief valedictory address by the retiring president, and a short inaugural address by the president elect, in each of which were expressed the appreciation for the interest taken by the members in the programs, the Round Table adjourned.

L. L. Spessard '11, entertained very delightfully at his home on Main Street, on Saturday evening. The evening was spent in music and various games, and refreshments were served. There were about thirty-five guests in present.

All things come to those who get tired of waiting, and hustle.

COLLEGE NEWS

Henry are now living in South Dakota.

Mr. C. C. Peters '05, formerly Professor of Philosophy at Westfield College, received an Austin Scholarship from Harvard University and is taking a post-graduate course in philosophy, there, this year.

On Tuesday and Wednesday Jan. 18, and 19, Norman Colestock Schlichter '97, a former professor of this institution, by special invitation attended a very important meeting of the Southern Health Conference held at Atlanta. Professor Schlichter is an international Y. M. C. A. secretary.

The Oratory Department

The rehearsals of the Shakespearean play have been fairly commenced. The characters already show that they have been wisely chosen and under the efficient instruction of Mrs. Eby are expected to develop into an unusually strong cast notwithstanding the fact that Hamlet is one of the most difficult of Shakespeare's plays to present, much is expected from this cast, and its progress will be watched with unusual interest.

After next week the director expects to arrange a schedule of rehearsals which will enable every member of the cast to attend rehearsals during the day and thus leaving their evenings free for study.

The regular work in the Oratory department will be continued next week. The examinations will not interfere with the work there.

Y. W. C. A. Meeting

The meeting on Sunday afternoon was led by Edna Yarkers. Subject—What Human Relationship Teaches Concerning the Divine.

The principal thought brought out was the good of serving others and living for others, giving them what Christ has given

us. Prayer is the strongest means of reaching others, but prayer without faith amounts to nothing. If we have confidence in our earthly father, that what we ask we shall receive, should we not have much more faith in our Heavenly Father, who is ever ready to help us and has given his Son for us?

Leader for Sunday, January 30, Clara Horn; Subject—How Companionship With Christ Changes the Life.

Miss Maud Soper, a missionary in Japan, who is connected with the educational work, is home on a furlough. The Y. W. C. A. girls are very much favored to have a visit from her, Tuesday and Wednesday of next week. Miss Soper will speak in the college prayer meeting Tuesday evening, Jan. 25, and it is requested that there be a good attendance. It is a great privilege to have Miss Soper with us, so let us pray that her visit may be a blessing to all of us.

Y. M. C. A. Notes

Meeting Sunday afternoon was led by Samuel O. Grimm. He very ably discussed his subject, "The Crown of Reward." The attendance was good. The new song books promise to add much interest to our meetings.

The leader for next Sunday, Jan. 30, is N. B. S. Thomas, subject: "Life and its Pleasures" Let every fellow be present as these meetings are a great source of inspiration to all who attend them.

Men's Mass Meeting

The men of the college were well represented at a men's meeting held in the U. B. church on Sunday afternoon. John Albert Eby, a distinguished citizen of Annville, who is the Religious work secretary of Pennsylvania Y. M. C. A. made the address. The church was crowded to the doors. Mr. Eby made a powerful appeal to men for the Christ-

ian life. His theme was The Supreme Court and The Supreme Question. Mr. Eby is a staunch friend of the college and the students formed a very appreciative part of his audience. A male chorus from the college led by Prof. Spessard rendered an appropriate selection of music. The college is to be favored with the services of Mr. Eby several nights during the week of prayer in February

Miss Mary Funkhouser ex-'08, is teaching in the high school at Ipswich, Long Island.

Editorial

The first half of our collegiate year is in the past. With our examination ended we begin anew our work for the remainder of the year. At this time we are naturally confronted with these questions, have we taken advantage of our past opportunities and what is our attitude towards the work of the coming semester. The first inquiry has already been answered, if not in words, by the results we have obtained thru our efforts; not determined alone by the grades we received for class work and examinations, but by our work in whatever capacity of college activity we have been concerned. But whatever our attainments for the last semester may be, even if we have at all times done our best, an improbable condition, we dare not approach our future duties in a careless, self-satisfied manner. This is one case at least where a certain spirit of discontent is permissible, yes necessary. Not, however, a discontent as used in the conventional form, but in the sense that there are in us unknown capaci-

ties that must be developed in order to be the individuals it is possible for us to be and render the best services and influence to a positive social progress. One of the most dangerous positions for us to be in is to be satisfied with our social, intellectual, and religious status. The one essential condition and necessary attitude for us as students is a constant realization of the needed development of our capacities for greater efficiency and usefulness.

Missionary Meeting

The monthly joint session of the Y. M. and Y. W. C. A. to be held next Sunday, February 6, will be devoted to missions. Mr. Ishey will lead the meeting. Each of the delegates to the recent Rochester Student Volunteer Convention will make a short address on some phase of the present missionary movement. Special music has been arranged for the occasion.

This the first missionary meeting of the year promises to be unusually interesting. No student can afford to miss it.

Come and see what wonderful things God is doing in all parts of the heathen worlds.

Y. M. C. A. Notes

The meeting on Sunday afternoon was led by Mr. Ritchie. His subject was "Pleasures" which he discussed in an interesting manner. Mr. Yoder and Prof. Lehman also commented on the subject. The attendance was good considering the weather and the many students being absent from college.

Reception

A students' reception will be held in the parlors of the Ladies' Hall on Saturday evening February 5, from eight to ten under the auspices of the Y. M. and Y. W. C. A.

If you will pay the price you may be what you want to be.

ALUMNI

C. Ray Bender '07, is principal of the schools of Dauphin, Pa.

Mr. S. P. Backenstow '91, is now interested in real estate and the insurance business in Boiling Springs.

Roger B. S. Hartz '08, who has been teaching at Southampton, Long Island, N. Y., is planning to spend the summer abroad.

Mr. James Zug, '94, now employed by a Western Railway Company, came east two weeks ago to attend funeral of his father, in Lebanon.

Galen D. Light '01, is at present Assistant Educational Director of the Boston Y. M. C. A. The Association building was recently destroyed by fire.

M. O. Billow '08, is at present working in Indiana. He is a representative of the firm Underwood and Underwood, of New York City. This firm publishes the famous Underwood Travel System.

Star Course

The third number of the Star Course will be given on February 7th. The Kellogg-Haines Singing Party will render what promises to be a very delightful program. Quoting from a St Louis Daily we have the following: "The Singing Party, as they style themselves, is composed of a mixed quartet of professional singers of exceptional merit. These artists constitute perhaps the most delightful quartet of entertainers ever heard in the Auditorium and the costuming of the different characters was excellent." There will be five in the company this year and most people who have heard this organization say that it is the best that has ever been presented to the Lyceum public. We trust a large audience will greet the party on their appearance here.

Bible Study

If there is one theme in our college life here that needs strong emphasis and especially at this time, it is daily Bible study. We feel that we are busy, and so we are, yet can we as college men and women afford to spend all of our time in other work and neglect to spend at least fifteen minutes of each day in a quiet, meditative way in the study of God's sacred word? Why is it that we are anxious to obtain the good to be gotten from our

regular text-books and at the same time pass by in a heedless way the book that is the most precious of all books, the book that has been the great secret of success in the lives of men and women in every phase of life from the humble cottager to the king in his palace, the book that has no equal, mother's Bible?

In the face of these facts will we waken up to what is not merely a duty, but a grand privilege; and study, yes, study the Bible? Will we study its pages daily and thus strengthen ourselves for our daily duties and moreover fitly qualify ourselves for life's duties outside of our college halls or will we forget, neglect, refuse, and pay the price of ignorance? These are some of the questions that must be answered, what shall the answer be?

The courses offered this year are of the very best, the leaders are striving to make them interesting and instructive, and if we fail to reap the benefit, ours will be the blame.

The Y. M. C. A. groups will meet regularly every Sunday morning from nine o'clock to ten, except the Junior group which will meet from eight to nine, in the following rooms: Seniors, Room 22; Juniors, Room 14; Sophomores, Room 28; Freshmen and Preparatory Students, Room 19.

Let every fellow take advantage of this rare opportunity and help to make Bible Study what it ought to be at Lebanon Valley College.

O. T. EHRHART, Chairman of Bible Study Committee.

Prayer Meeting

The Tuesday evening prayer meeting was unusually well attended last week. Miss Soper, a returned missionary from Japan, addressed the meeting. She gave an excellent talk on the needs of the foreign fields and the duty of the true Christian to supply that need. The nations in the East are growing in everything but religion. Mohammedanism is getting such a strong hold in those countries that unless the Christians of the West put forth every effort in this generation to spread the gospel they will be swept out of control. Miss Soper asked the question, Who is meant by the Christians? Are we going to stay back and say God does not mean us but our neighbor or someone else? No. We who are fortunate enough to live in a Christian land and know of the love of Christ are responsible for those lives in darkness. The light was given to us, shall we

COLLEGE NEWS

not let it shine that others may receive the same benefit from it that we do?

She told us some of the peculiar customs of the East and brought out very forcibly the inferiority of woman when she made a strong appeal to the girls in their behalf. The talk was so interesting that the hour seemed much too short.

It was a great privilege to have Miss Soper with us and we hope that her visit may be a great blessing to each student and may open his eyes to the great need of strong and earnest work in the evangelization of the world.

Y. W. C. A. Meeting

The subject for the meeting on Sunday afternoon was "What we gain by contact with Christ." Miss Horn had charge of the meeting. A strong appeal was made for an interest in the coming week of prayer. The girls decided to have little prayer meetings each day, making that week their subject for prayer. It is hoped that great things may be accomplished in the following two weeks.

Conservatory of Music Notes

The Mendelssohn Club met on Tuesday evening in the Conservatory and after a short business session, a very good and interesting program was rendered.

The club has been very fortunate in securing Mr. Larew, of Easton, a fine pianist, who will give a recital on the evening of Feb. 28.

Considerable inconvenience has been caused among the students on account of repairs being made at the electric light plant. No electric lights have been in evidence in any college buildings since the middle of last week. Most students have procured lamps and are shifting along as best possible under the circumstances.

Rules and Regulations

The following rules and regulations were recently drawn up by the Senior-Junior Council.

1. Destroying or disfiguring of college property must not be indulged in by any student.
2. Whistling or any unnecessary noise is prohibited in all college buildings.
3. Loafing in the rooms of the Conservatory is prohibited.
4. Destroying or disfiguring of notices on any of the bulletin boards is strictly prohibited.
5. Tampering with electric switches or bulbs is strictly prohibited in all college buildings.

BOY'S DORMITORY RULES

The following are strictly prohibited:

- 1 Expecterating in any part of the building except in receptacles provided for the same.
- 2 The throwing of any waste or refuse in the halls.
- 3 The unnecessary burning of lights.
- 4 The throwing of waste paper out of the windows.
- 5 The bringing of ladies into the dormitory without the permission from a member of the Senior-Junior Council.
- 6 The throwing of water about the halls.

Any person, while in the dormitory, is subject to the above rules.

ENGLE CONSERVATORY OF MUSIC

The music department of the college occupies a very prominent place in the interests of the student body and alumni, as many literary students have been benefited by its influence. For the past two years it has been under the very efficient management of Prof. H. Dyer Jackson who has been untiring in his efforts to bring the department to a high standard. Mrs. Jackson is the professor of voice and Miss Laura Christeson assistant piano. New students

are matriculating every term. Last year A. R. Gaul's "Holy City" and Handel's "Messiah" were rendered to large and appreciative audiences. A class of four was graduated in piano-forte. Frequent recitals have already been given this year and a series is planned for the coming term. In the voice department Mrs. Jackson purposes to give a series of recitals in costume to represent singers of various nationalities: French, German, Scotch and Irish as

well as an operatic concert. This is planned for the coming term. Plans are being made for a May festival with the aid of celebrated talent from abroad. The Mendelssohn club, organized among the music students, will present Mr. Earle Douglas Laros, concert pianist of New York, in Engle Hall Monday evening Feb. 28. Mention is made elsewhere in these columns of a special Men's music recital Wednesday night Feb. 9.

Editorial

The week of prayer is in progress. The benefits derived from this series of meetings largely depends upon each student individually. There may be a limited number who seem to have no personal interest in the special efforts put forth to make this week effective in the life of every student. But herein, then, lies the opportunity for those concerned in its influence to create a vital interest in the indifferent fellow. There is a tendency, largely unconscious, to become indifferent to our moral responsibilities in an eagerness to develop our intellectual powers. If the student once realizes what is or rather should be the real significance of a college training he would probably give more attention to the moral element in his character. The fault is in a wrong conception of what a college education should really mean to the student. He has the idea that the mere capacity to achieve is the primary contribution of a college training to his life. But society has a right to demand not only a

certain capacity for achievement but in addition to that a certain type of being. Many men have graduated from institutions of learning with the idea of efficiency predominant and consequently have failed to realize that such powers, to be the most effective must be accompanied with a well developed moral nature. The most useful and serviceable life, the life that counts for the most in the world is the one that has realized the necessity of a moral development on a par with the intellectual and has made that realization effective during his college course.

An Elective Course in Biology

The department of Biology is offering an elective course not previously offered. The course is limited to those who have had previous training in biology and is intended to supplement the more elementary principles learned in the first two years work in college biology by a study of some of the theories and principles in greater detail than was possible in the earlier courses.

The work is conducted on the seminar plan. At present "The Nature and Development of Plants," by C. C. Curtis, Professor of Botany at Columbia University, is being read and will be made the basis of the discussions during the first part of the semester.

Later in the semester "Organic Evolution," by M. M. Metcalf, Professor of Biology in Oberlin College will be read and discussed.

The class meets twice weekly from five thirty to seven thirty on Monday and Saturday evenings in the lecture room of the department.

Twelve Juniors and Seniors have entered upon the course.

Fred Smith, Conservatory, spent last week at his home in Chambersburg, Pa.

Items of Interest

Prof. H. H. Shenk spent last Wednesday in Hershey on business.

Clarence Ulrich, a graduate of the Hershey High School, entered the Freshman class on Monday.

J. C. Strock, '10, recently purchased an "Oliver" typewriter from the local agent, Mr. H. W. Miller.

Misses Eva Foltz, Conservatory, and Florence Christeson, '13, spent last Wednesday in Lebanon.

Mark G. Holtzman, Academy, pastor of the U. B. church at West Lebanon, is conducting a very successful revival at that place.

W. A. Brunner, '11, accompanied Prof. Max F. Lehman of the Hershey High School, on a visit to the district schools of Derry township last Friday.

Prof. H. E. Wanner was confined to his room several days last week with an attack of La Grippe. During his absence his classes were taught by R. B. Saylor '11, assistant in Chemistry and Physics.

The "All Collegian" basketball team was defeated on Thursday evening by Mt. St. Mary's team at Emmittsburg Md. Those who made the trip were Strock, '10, Rutherford, '10, Lehman '11, Marshall, '11, Rutherford, '13, and Eby, Academy.

The following class officers were elected for the second semester:

Senior Class—President,—W. C. Plummer; Vice President,—W. E. Harnish; Secretary,—Myrtle Garret; Treasurer—J. T. Yoder.

Junior Class—President,—E. A. Spessard; Vice president,—W. C. Shoop; Secretary,—F. L. Frost; Treasurer,—P. M. Holdeman.

ALUMNI

A. Stewart Ulrich, '97, is an attorney-at-law in Lebanon, Pa.

Rev. Berry F. Plummer, '05, is now preaching in Shippensburg, Pa.

Rev. E. S. Bowman, '90, is pastor of Oak Street U. B. Church, Dayton, Ohio.

Prof. Charles Schlichter, '97, is principal of the Hummelstown High School.

Mr. W. O. Jones, '01, is taking a course in the University of Nebraska at Lincoln.

Prof. J. Lester Appenzeller, '08, is instructor in the Chambersburg High School.

Rev. I. E. Runk, of Harrisburg, pastor of First U. B. Church visited the college on Saturday afternoon.

Prof. Roy J. Guyer '08, for two years coach of our foot-ball team, is teaching Latin in the Lebanon High School.

Mr. Thos. F. Miller, '01, is holding a responsible and lucrative position with Underwood and Underwood, New York.

Prof. A. E. Shroyer, '00, of the faculty, filled the pulpit for Rev. S. E. Rupp, '01, in the Trinity U. B. Church of Lebanon, on Sunday Jan. 30th.

Dr. H. E. Enders, '97, is a professor in the Biological department of Purdue University, Lafayette, Indiana. Mrs. Enders is a graduate in the class of '01.

Prof. E. M. Balsbaugh, '01, Principal of the Lebanon High School, was appointed by State Superintendent Schaffer a member of the Permanent Certificate Committee for the city.

Mrs. Moser and daughter, Margaret and Miss Mathias, of Highspire, visited their former pastor, Prof. A. E. Shroyer, and family, on Saturday afternoon and were shown through the college buildings.

Our alumni were very well represented on the program of the Missionary Council held at Dayton Ohio, Jan. 24th-25th. Prof. R. P. Dougherty, '97, spoke on Africa; Rev. E. S. Bowman, '90, on "An Adequate Missionary Objective"; Rev. S. F. Daugherty, '01, on "Pastoral Leadership"; President W. G. Clippinger, '99, on "The College".

On the evening of Lincoln's birthday, Feb. 12th, the Lebanon County Alumni and the present students of that county will hold a banquet at the Wallace Hotel, Lebanon. J. Walter Esbenschade, '03, of Lebanon has charge of the arrangements for the evening. The Imperial Quintette has been engaged to furnish music for the affair.

Rev. Donald J. Cowling, A. M., D. D., Ph. D., '02, was recently installed president of Carleton College, Northfield, Minn. President Cowling is a graduate of Yale Divinity School, and received his degree in Philosophy from the same institution. For the last few years Dr. Cowling was professor of Philosophy in Baker University, Baldwin, Kansas. Mrs. Cowling graduated at this institution in '07.

Conservatory of Music Notes

A grand recital will be given by the boys of the Conservatory on Wednesday February 9th, at 8 o'clock. This event will be the first of its kind in the history of the College. Heretofore the recitals have been given by the boys and girls in joint programs. Through the efforts of Prof. Jackson an excellent program has been prepared to be given by the boys only. The girls wish them great success. No one should miss this unusual treat. A full account of it will appear in the next issue.

Mr. Leonard Savastio ex-12, a freshman at Lehigh University, visited his friend Donald C. Keister '12, on Thursday.

Y. M. C. A. Meeting

The Y. M. and Y. W. C. A. had their regular monthly joint meeting Sunday afternoon, which was well attended considering the number of students that are sick and absent from school. The meeting was very interesting. As it was the regular time for a missionary program the reports from the Rochester convention were very appropriate.

Mr. Ishey, a member of the Student Volunteer Movement, had charge of the meeting.

After a short song service, the reading of the scripture and prayer by the leader, Mr. Earl Spessard gave a short talk. He took for his subject, "Is the Christian Religion Worth Propagating?" He said that was the first question that was asked by John R. Mott at the convention, and that thought pervaded every service. It is worth propagating. Its keyword is love. No other religion has such a word and hence proves inadequate. This power has worked marvels in the past ages. All religious controversies have been upon creed and not upon the power of Christ's love. No evil spirit exists that had its source in Christianity. The question cannot be denied until each has answered it by first surrendering completely to the will of Christ. All who have done this have affirmed the question.

Mr. Brunner took for his subject "Does the heathen world want Christianity"? He used Korea for an example. The first missionaries that went to Korea were stoned and persecuted but after a plague from which the nations were relieved by a white doctor, their way was open. Korea is the pivot around which the whole eastern world revolves. The native workers are increasing. There are 200,000 Christians there today. One church which gave three-fourth cents as their first collection, last year gave \$1500 for foreign missions. They accept Christ by the thous-

ands. What is done in Korea is only a small part of what is done in other countries. So we must conclude that they want it.

Miss Hoerner spoke of the mission fields in the United Brethren Church. She gave some interesting statistics of Africa, China, and Porto Rico. She presented the volunteer declaration and its meaning. Summed up the requisites for a good foreign missionary, and closed with the words of John R. Mott.

Above all the college men and college women throughout our whole field must be led to surrender themselves wholly to Jesus Christ as Lord and to let Him determine their life decisions and dominate them in every relationship. The great question which must be pressed insistently upon them is not the question of whether or not they will become missionaries, not the relative claims of the home and foreign fields but the one crucial, all important question whether or not they will yield to Christ His rightful place as the Lord and Master of their lives. In proportion as the students of our day are influenced to answer affirmatively and whole heartedly this question of questions will be the realization of the sublime purpose of the Volunteer Movement to give to all men in our day an adequate opportunity to know and to receive the living Christ.

The meeting was very helpful and very appropriate as a preliminary service to the week of prayer.

On last Saturday evening, Feb. 12, a banquet of the alumni and present students of Lebanon County was held in the Wallace Hotel, Lebanon. We are pleased to note such an event as this. In addition to the renewal of old acquaintances and the closer bond of friendship resulting from this occasion it will naturally and necessarily create a greater interest in their Alma Mater. A report of the banquet will appear in the next issue of the NEWS.

In a recent number of COLLEGE NEWS appeared the schedule of the baseball season. If you remember there were two open dates yet to be filled. The manager hopes to complete the schedule in the near future and wishes to arrange both games to be played on the home diamond. This, however, he states is unadvisable unless the student body support him with more athlete fees. So the witnessing of two additional games on the home diamond depends upon the re-

sponse of the delinquent students in making final settlement with the treasures of the Athlete Association. Let no student be satisfied until he has favorably considered this, his duty. Support the manager and he will do his best to give you your money's worth.

Star Course

The third number of the Y. M. and Y. W. C. A. Star Course was held Monday night, Feb. 7, when the largest house of the season greeted the company. The attraction was the Kellog-Haines Singing Party, and the program was of a very high order. The first part was composed of vocal quartets, trios, and solos. In the second part, a scene from Strauss' Opera, "Martha," was presented in costume.

The company is made up of some of the finest artists in the Lyceum Bureau. The next Star Course number will be held March 8.

Oratory Department

It is the plan of the Principal of the Department to give a Recital each term, the first to be rendered in December, the second in March and the third in June. The preparations for the second recital of the year are being made. It promises to be as interesting as the "Lords of Creation", which was given in December.

The Men's Class in Bible Reading will meet for the rest of the term on Thursday evening at 6 o'clock.

Several new students have enrolled within the last few days in this department.

The rehearsals for "Hamlet" are going on every day. To produce a play by Shakespeare requires months of work. It is hoped that all the friends of the School will keep this play, which is to be given in May, in mind and plan to be present, as students who are willing to give

months of practice work of this kind need your encouragement. It is the intention of the College to make the rendition of a Shakespearian play a yearly attraction.

Conservatory of Music Notes

The Mendelssohn Club met in chapel Tuesday evening at 7 o'clock. The following interesting program was rendered:

Organ solo, Mr. Frank Hartman; Vocal Solo, Grace Smith; Life of Mozart, Mary Spayd; Piano Solo, Margaret Rauch; Piano Solo, Bertha Spessard; Paper, Mr. James Balthasar; Music. There was a short business session immediately after the program.

The Men's Recital on Wednesday evening was, as every one expected, a grand success. It certainly is a fine feature that has been introduced by Professor Jackson in the Conservatory, and it seems to have created a greater interest among the boys in the department.

The ladies of the Conservatory gave a reception to the young men immediately after the concert. The following is the program:

Dance Caprice, Baker, Mr. George Zullinger; Song—I Wonder if Ever a Rose, Slater, Mr. Jesse Yoder; Melody in G, op. 155, Kern, Mr. Chester Rettew; Barchette in a Flat, Nevin, Mr. James C. Balthasar; Song—So is My Love to Me, John, Mr. Amon Blecker; Petite Chanson D'amour, Helmund, Mr. Homer S. Dunmire; Valse Mystery in D Minor, Wachs, Mr. J. Clyde Strock; Song—I Know a Lane in Springtime, Greene, Mr. E. E. Renn; Eventide—Reverie in a Flat, Martin, Mr. David Evans; Song—Remembrance, Telma, Mr. Lester Spessard; Venitienne—Barcarolle, Godard, Mr. J. Scott Anderson; Song—La Donna Mobile, Verdi, Mr. Frank Hardman; Mazurka No. 2, G Minor, Saint Saens, Mr. Max Lehman; Song—My Bride shall be my Flag, Rotoli, Mr. Earl Spessard; a. To a Wild Rose, McDowell, b. Berceuse in G, Grieg, Mr. Fred Smith; Song—Gypsy John, Clay, Mr. Alfred Strickler; Novelette in E, Schumann, Mr. Lloyd Fegan; Chorus—Lebanon Valley College.

Week of Prayer

The series of special services conducted during the Week of Prayer were well attended and very interesting. They were held in the evening between the hours of six and seven, preceded by fifteen minute class prayer meetings. On Monday night the speaker of the evening, Mr. J. C. Hockenbury, of the Lebanon Y. M. C. A., failed to appear.

The services however did not suffer materially by this adverse- tence owing to the efficient leadership of Mr. Yoder. Mr. J. A. Eby, State Religious Work Secretary of the Y. M. C. A., made stirring and timely addresses on Tuesday and Thursday evenings. The students appreciate keenly the services of such a prominent man as Mr. Eby. On Wednesday evening, Mrs. Eby, head of the Department of Oratory, who conducts the Woman's Bible Study Course of the Y. M. C. A., made the address. The closing service on Friday evening was addressed by Rev. S. E. Rupp, pastor of Trinity U. B. Church, Lebanon. Mr. Rupp conducted a special conference with a number of the men after the service.

The spirited singing during the week was ably directed by Mr. Earl Spessard.

The Biological Field Club

The Biological Field Club held a business meeting on Monday, January 31st, at which it was decided to postpone the program on account of the week of prayer, until Wednesday evening, February 16th. The following officers were elected for the ensuing year: President, W. O. Ellis; Vice President, F. R. Kennedy; Secretary, Carrie Light; Treas., E. A. Spessard.

The program for the meeting Feb. 16, 1910, 6 p. m. is as follows:

Field Mice in Mid Winter, W. E. Harnish; A Comparison of the Sea Urchins with the Star Fish, Nellie Seltzer; The Bark and Wood of our Common Trees, W. A. Brunner; Mid Winter Condition of the Algae, F. R. Kennedy.

Absorb information instead of trying to distribute it.

Anselm Vinet Hiester '87, is Professor of Political Science in Franklin and Marshall College, Lancaster, Pa.

C. Ray Bender, '07, is teaching in the Biological Department of the Kirkwood, Mo. High School. The standing of this high school is second in the state; St Louis being first.

D. Augustus Peters, class of 1900, one of Steelton's most prominent citizens, died of heart trouble on January 28, after a long illness. Mr. Peters was for many years the proprietor of a drug store on South Front Street. At the time of his death he was a member of the Steelton School Board and member of the Board of Trustees of Lebanon Valley College.

Y. M. C. A. Meeting

Y. M. C. A. meeting Sunday afternoon was led by Wilbur C. Plummer. He took as his subject, "Self Mastery," and gave a very forceful address in the course of which he referred to Abraham Lincoln and Charles Darwin, the anniversary of whose birth was celebrated on Saturday, as two great exponents of self mastery whose early environment was diametrically opposed. The one was raised in poverty, himself his only teacher; the other had every opportunity which wealth could give. Each alike gave a life of service to humanity.

Owing to the fact that these men knew how to master themselves they were able to serve. Self mastery is the keynote to every great man's life.

Leader next Sunday, February 20, is Paul Holdcraft.

Y. W. C. A. Meeting

Miss Weidler led the meeting on Sunday afternoon Subject: Is Mission Study worth while? The leader brought out some very strong points in the affirmative. She said it broadens our intelligence; makes us more sympathetic toward those who are less fortunate than we are; it makes us more liberal in our views; it awakens a desire to help those in dark counties. The subject was open for discussion and many of the girls expressed their opinions, how they have been helped by studying missions. The class has decided to take up "The How and Why of Missions."

Ministerial Association Meeting

The regular bi-monthly meeting of the Lebanon Valley College Ministerial Association was held Thursday evening, Feb. 3, with a large attendance. The feature of the meeting was an address by Prof. A. E. Shroyer. He pointed out the special great importance of the call and need of the

ministry. He said in part: "The work of the ministry is unsurpassed as a profession. Men who choose the ministry as a profession are on a par with men of other callings, and other leaders. There are three main phases in the work of the minister: The executive, the pastoral, and preaching. The ministry demands one's whole and undivided time. The motive should be the same as it was in Christ's time—to be "fishers of men." The ideal preacher will have the needs of his people in mind when making a sermon, using Truth as his weapon, and Christ for his ideal."

C. Y. Ulrich, 13, was elected to membership of the Association. The next meeting will be held Feb. 17, and the paper will be read by G. A. Richie.

Miss Mary Sleichter, Professor of German, and her sister Miss Rhoda Brandt of Hummels-

town, spent Saturday and Sunday at the home Miss Mary B. Musser, '10, Mountville.

Miss Mary Nissley, who was operated on for appendicitis several weeks ago at the Hahnemann Hospital, Philadelphia, has almost entirely recovered. She returned to her home in Middletown last week.

Misses Edith Freed and Mary Christeson and Messrs. Earle Spessard and Max Lehman, Conservatory students, sang at a meeting of the School Directors of Dauphin County at Hershey on Friday night. They were accompanied by Miss Laura Christeson.

Owing to the fact that the college catalogue calls for no Easter vacation, the faculty, in their last regular meeting, decided to transfer the holiday of Washington's Birthday to the Easter season, thus giving a larger period between the Winter and Spring terms.

Prof. Lehman will deliver his lecture "The Man in the Moon" on Saturday evening, Feb. 26, in the Avon U. B. Church under the auspices of the Young Men's Class of the Sunday School. The young men are enthusiastic and are working up a large audience for the Professor.

Miss Florence Boehm, instructor in the art department entertained a few friends on Wednesday evening in honor of Miss Verda Snyder, a former L. V. student. A very enjoyable evening was spent. Miss Helen Brightbill read several interesting selections. Elegant refreshments were served.

The announcement that Washington's birthday would not be commemorated at the college by dispensing with classes was met by the students with some regret and disappointment.

Certainly the memory of this distinguished soldier and statesman who fearlessly espoused the principles of democracy when they were struggling for existence should never be dimmed. If careful study does reveal that George Washington was not in reality the romantic hero of childhood's imagination, the reaction which tends to accord him his proper worth should not rob him of his due homage. He is today as he ever was "The Father of His Country," and each new glory of our nation adds to the glory of the great chief who led his brave countrymen through bloody battlefields, who overthrow the monarchical traditions still striving for eminence, and who at last triumphantly wielded his people into one nation. Today this country has no homes blighted

ed by cruel warfare, her schools and colleges are filled with the world's most highly privileged youth. The future glows with amazing prospects, which should give us pause and as a nation we should honor the Revolutionary martyrs in doing honor to their leader.

A year ago the Literary societies of the college had a great Lincoln birthday celebration which was famous for the manner in which they were joined by Annville townsmen. If this year we pass over the birthdays of both these patriots let us at least remember them.

The Masquerade

The annual masquerade given by the Kalozetean Literary Society was held in their hall on Monday evening, Feb. 14, and was attended by a very large number of students and friends of the college.

The Kalozetean hall was tastefully decorated and, in addition to the large number of various costumes and masks, made a very attractive appearance. The Grand March was led by Prof. H. D. Jackson and Miss Laura Christeson, after which all removed their masks. Prizes were given for the best original costumes: Mr. G. A. Richie receiving the prize for the gentlemen and Miss Ruth Detweiler for the ladies. Refreshments were served and a pleasant time was enjoyed, while the occasion was enlivened by the strains of the Imperial Orchestra from Lebanon. The masquerade was conceded by all present to be one of the most successful events of the kind ever held here.

Mendelssohn Club

The Mendelssohn club will have a regular meeting on Tuesday evening, Feb. 22, in the chapel. A good program has been arranged for. All music students wishing to join this club will please inform Mr. Dunmeyer.

The Biological Field Club

The Biological Field Club held its monthly meeting on Wednesday evening, Feb. 16, at seven o'clock. This was the first regular meeting at which the new officers presided.

Mr. Wilbur Harnish read a very interesting paper on "Field Mice in Mid-Winter." He dis-

cussed the various species of field mice, where and how they live, and exhibited two meadow mice which he had caught in the vicinity of Annville.

Miss Nellie Seltzer gave a comparison of The Star Fish and the Sea Urchin. She showed the similarity of these two animals which belong to the same class.

Mr. Frances R. Kennedy's subject was "Midwinter condition of the Algae." Mr. Kennedy discussed his subject very thoroughly, stating that the "Algae" were in a resting condition in Mid-Winter.

Mr. Grover C. Bair had mounted in a vial under a microscope a newt, which he had found in a creek near Annville that afternoon.

Mr. Bair intended to show the newt to each member of the club after the meeting, but it had died during the lengthy discussions; Mr. Ellis, the president, appointed the following Censor Committee; Mr. Brunner (chairman), Miss Catherine Hershey, Mr. F. R. Kennedy.

Conservatory of Music Notes

The Mendelssohn Club considers it a great honor and privilege that it can present Earle Douglass Laros, concert pianist of New York City, in Engle Hall, Monday evening, February 28.

Mr. Laros has always been a musician. At the age of twelve he was elected organist and choirmaster of the First Baptist Church, of Easton, Pennsylvania. Since that time he has been studying under Mr. Rafael Joseffy, and the representative American composer, Rubin Goldmark. Mr. Laros' repertoire embraces the standard piano classics from the remotest composers through the romantic period to the best works of the present day.

ALUMNI

Hiram E. Steinmetz '74, is the Justice of the Peace of Ephrata, Lancaster County, Pa.

Miss Mary Magdalena Strickler '94, is Professor of English in Lebanon High School.

Prof. F. F. Holsopple '00, is Professor of English Literature at Juniata College, Huntingdon, Pa.

Prof. Norman C. Schlichter '97, an international Y. M. C. A. secretary, is spending several days here.

Rev. Aaron A. Long, '89, pastor of the United Brethren Church, Hummelstown, Pa., contemplates building a new church there in the near future.

Miss Grace Lowery '09, a teacher in the Children's Industrial Home in Harrisburg, attended the Kalozetean masquerade party held February 14.

Mr. Arthur G. Smith '01, is Deputy Collector of Customs, Port of Baltimore, Md. He hopes to be able to visit the college during the coming commencement.

Mr. J. H. Sprecher, '07, has charge of the West Chester and Main Line districts, for the International Correspondence Schools of Scranton, Pa., with headquarters at West Chester.

Master Laverne Seitz, at home with his parents, Mr. and Mrs. Irvin S. Seitz, Phoenixville, Pa., since February 6, 1910. Master Laverne's father was a member of the class of 1907.

Rev. R. R. Butterwick '01, pastor of the United Brethren Church, of Mountville, Pa., is the author of an excellent article on "Education," published in the *Religious Telescope*, February 9.

On January 1, Rev. P. E. Mathias '05, completed a two years' pastorate of King's High-

way Congregational Church of Bridgeport, Conn. He was recently unanimously re-elected for another year.

Rev. Charles Allen Fisher writes to the "News" from Providence R. I., where he is pastor of the Second Presbyterian Church. He was transferred to his present place during the fall of 1909, having been located in New Jersey.

Mr. Walter V. Spessard, '09, who, in connection with his law work at George Washington University, Washington, D. C., had been teaching in Emerson Institute, a night school for boys, recently gave up this latter work to become the tutor of Senator Bulkeley's son.

The College Banquet for Lebanon County

The first annual banquet of the alumni and former and present students of the college residing in Lebanon county was held on Saturday evening, February 12, at the Wallace Hotel, Lebanon. It was a success beyond what anyone had hoped for. The dining room was decorated with the college colors, and the tables were surrounded by groups of enthusiastic college folk from the oldest alumnus down to the newest freshman. It was an occasion of surprises and reminiscences. Among the eighty-six persons present were many whom others did not know had ever attended the college. Pranks and happenings of college days, long forgotten, were called to mind, and those who participated in them enjoyed their recital as much, if not more, than the happenings themselves. It was a great occasion and no one regrets the time and effort required to be present. The event was a good example of what can be done in the way of getting together the college people in a community, and suggests a powerful factor in extending the influence of the college.

Major H. P. Moyer of Lebanon, who was the first graduate of the college, having taken his degree in 1867, was toastmaster. He had on hand a ready flow of interesting reminiscences. Hon. W. C. Freeman of Cornwall, a member of the state assembly, spoke on "The College Graduate in Public Affairs." "Nerve Centres" was the subject of Pres. Lawrence Keister. As a representative of alumni, Fred W. Light, '00, of Lebanon, spoke on "Near Relatives." The subject upon which Mr. Aaron S. Kreider, of Annville, spoke, was "A College Education from a Business Standpoint." Hon. Henry Houck, of Lebanon, spoke on the subject of "Our Neighbor." Not the least interesting part of the program was the reading of "A Farmer's Idea of College Life" in the Pennsylvania German, by Mr. J. H. Kochenheifer of Lebanon, who attended the college forty-one years ago.

Just before the banquet an organization was effected, called the Lebanon Valley College Association for Lebanon county. The following officers were elected: President, J. Walter Esbenschade; Vice-president, Prof. H. H. Shenk; Honorary Vice-presidents, E. E. McCurdy, Esq., of Lebanon and C. V. Henry, Esq., of Annville; Secretary, Elmer Haak; Treasurer, Miss Sidnie Moyer. It is the purpose of the association to hold a banquet each year on Lincoln's birthday, or as near to that time as possible.

Mathematical Round Table Notes

The Mathematical Round Table will celebrate its first anniversary on Wednesday evening, February 23, 1910. For this occasion Dr. Geo. H. Hallett, from the University of Pennsylvania, has been secured to deliver the address. His subject will be "Remarks on Certain Concepts which are Fundamental in Elementary Mathematics."

To all who are interested in the work of the Round Table is extended a most pressing invitation to come to these first anniversary exercises.

Come and show your interest in the work. Come and hear Dr. Hallett. This is a rare opportunity and you cannot afford to neglect it.

Time of meeting — Feb. 23, 1910, at 7:30 p. m. in the Assembly Room of the Library.

Everybody welcome.

The Spirit of the Game

There's a breathless hush in the close tonight—

Ten to make and the match to win—
A bumping pitch and a blinding light
An hour to play and the last man in.
And it is not for the sake of a ribboned coat

Or the selfish hope of a season's fame,
But his Captain's hand on his shoulder
smote—

"Play up! Play up! and play the game!"

The sand of the desert is sodden red
Red with the blood of the square
that broke;—

The gatling's jammed and the Colonel's dead.

And the regiment blind with dust
and smoke.

The river of death has brimmed his banks

And England's far and Honor a name,
But the voice of a school boy rallies the ranks:

"Play up! Play up! and play the game!"

This is the word that year by year,
While in her place the school is set,

Every one of her sons must hear,
And none that hear it dare forget,

This they all with a cheerful mind
Bear through life like a torch in flame,

And falling fling to the host behind
"Play up! Play up! and play the game!"

Editorial

Every day, and many times during the day, we meet those of our classmates and fellow students who are so rushed with work that they scarcely know where to turn. We look for the reason and we say, "Oh, well, no one is so well fitted for that work as the person who has had the experience." We think we are busy and if we do not do those things assigned to us, the president of the organization or chairman of the committee, as the case may be, will do the work; or we say, I will do that tomorrow. Do not let us forget that what we do not do will be left undone. No one else can get out our lessons for us. No one else can pass our examinations for us.

Down through the ages of history there have come some certain very apt and suitable sayings. We quote a few of them for the benefit of all of us, classmates, fellow students, faculty and all those who are in any way working in the interests of any cause for good.

Let us read and remember.

"Procrastination is the thief of time."

"Never put off till tomorrow what you can do to-day," for tomorrow is the day that never comes.

During the past week there has come to the editorial desk one of those letters which come so seldom and for which we are more than thankful. Indeed, we feel indebted to the author for the letter. In this letter, we were given advice and kindly criticism upon our "College News." We were told how we could improve and several methods were suggested for collecting material of various kinds, such as quotations, poems and like matter.

We are glad that our alumni are taking such an interest in us and our work, but what might we do were we to have more advice and criticism on our paper. "We long to serve and yet we fail, Because we do not understand." If you think we can improve the "News" tell us or write to us and give us your views. Would you like to see a larger paper. Help us to increase the paper by telling us news of those who know us and are interested in our work. Help us publish a better paper. This will make our college a better college, and make us stronger for our work. We ask and need your assistance.

Mathematical Round Table Anniversary Exercises

On last Wednesday evening, Feb. 24, the Mathematical Round Table held its First Anniversary. Although all the meetings are open to any one who wishes to come in yet we made a special effort to have our friends meet with us at this special meeting.

The members of the Round Table were very fortunate in securing Dr. Geo. H. Hallett,

Ph.D., from the University of Pennsylvania, to deliver the address of the evening.

The meeting was opened by the singing of "My Country 'Tis of Thee." In a few words Prof. Lehman then stated the object of the Round Table and a few of the questions discussed by the members during the past year. He then introduced Dr. Hallett.

Dr. Hallett took for his subject, "A Few Concepts which are Fundamental in Elementary Mathematics."

For forty-five minutes he held the minds of his hearers to the subject of mathematics. He spoke in very simple language, stating all his points very plainly. The concept of the Fourth Dimension was clearly explained by Dr. Hallett.

He closed his address by stating that the great mathematicians were men of much thought and earnest study. He also said there is as much room for success in the field of mathematics as in any other field you may choose, and that we need not go out of our own country to find it.

E. A. Spessard and Max F. Lehman then sang two very entertaining solos, which were very much appreciated by the audience.

After the exercises the members of the Round Table and friends held an informal reception. Light refreshments were served and a short time spent in a social manner.

The appreciation of the visit of Dr. Hallett to our college is shown by the attendance at the anniversary exercises and further by the very favorable comments of all who heard him speak.

To our friends we extend our thanks for the interest they have shown by their presence and extend to them a most earnest invitation to meet with us at any of our meetings.

The guests were: Misses La Verne Keister, Ora Bachman, Edith Gingrich, Mary Spayd, Bertha Spessard, Lottie Spessard, Mary Christeson, Florence Christeson, Margaret Rigler, Helen Brightbill, Ester Schell, Mae Meyer.

Conservatory of Music Notes

The Mendelssohn Club had a very important business meeting on Tuesday evening. The program scheduled for that time has been postponed until the next regular meeting.

The club expects to furnish a room in the conservatory for a regular place of meeting, and is putting forth strenuous efforts to obtain the needed funds.

A very delightful and interesting cantata, "Mother Goose," was given by the Juniors of the United Brethren Church, in the Conservatory on Thursday evening, February 24.

Prof. Jackson gave an organ recital in the First Lutheran Church, Annville, Sunday afternoon, Feb. 27. He was assisted by the St. John's Reformed Church choir, of Lebanon. Prof. Jackson gave nine selections from some of the best composers and the choir sang "I waited for the Lord" and "Hymn of Praise" by Mendelssohn. The recital was very well attended and was greatly enjoyed by all present. This is the first time that Prof. Jackson entertained the public this year and it was very much appreciated.

Y. M. C. A. Meeting

The Y. M. C. A. meeting was held in the Chapel on Sunday afternoon at 1 p. m. The devotional committee had secured Rev. Wm. F. Delong, pastor of St. Paul's Reformed church of town to address the association. Rev. Delong spoke on the subject, "The Christian Ministry as a Life Work." His address was very interesting and helpful. He spoke with the clearness and wisdom, which came from actual experience and placed clearly before the fellows the work of the ministry with its hardships and also its blessings.

Rev. John Richard Reitzel '70, a prominent lecturer in the middle and far west passed away on Feb. 21, 1910 in Sioux City, Iowa, near which city he had been lecturing just prior to his death. Mr. Reitzel formerly served charges in the Congregational Church and after an extensive tour of Egypt and the Holy Land, spent the last six or seven years of his life on the lecture platform. The funeral services were held at the residence of Mr. Asaph Light Lebanon, Pa., with Rev. S. Edwin Rupp, of Trinity U. B. Church, in charge.

Y. W. C. A. Meeting

The meeting on Sunday afternoon was unusually interesting. Miss Sarah Zimmerman had charge of the meeting. Subject: Here am I, send some one else. The leader made a few very good comments on the subject after which it was open for general discussion. The meeting was very informal, and the hour was spent in a very profitable and interesting way. The subject is one which applies to every one. It is a statement which we are saying continually in our minds, though perhaps not conscientiously.

Editorial

Elsewhere in this issue appears the announcement of the teams to represent the Sophomores and Freshmen in their inter-class debate; likewise a statement as to the immediate steps to be taken in making arrangements for the contest. Considering the amount of time required in preparation for such an occasion, the necessity of timely action is plainly evident, if the debate is to come off this year. We hope those interested will push the matter to a successful issue. Otherwise, there is danger of last year's conditions being repeated, when even after the supposed contestants were selected, for some cause, possibly lack of interest, and neglect of one or both parties, no further action was taken. It seems to require little effort to arrange inter-class athletic meets. Why should the inter-class debate, which is and should be considered the most important contest, be neglected? It

requires time and harder work in preparation, but when viewed from the beneficial standpoint the participants may feel well repaid for their effort. It will add to the value of a college training and contribute directly to the student's efficiency after leaving college. Let the responsible parties get busy. We want to see an inter-class debate this year.

Star Course

The fourth number of the Star Course will be given on Tuesday evening, Mar. 8th. Foss Lamprell-Whitney a member of the faculty of Emerson College of Oratory, Boston, will be the entertainer for the evening.

The previous numbers of the course have been of a very high character and this one promises to be of the very best. No one should want to miss this most delightful number.

"Her understanding of life, her experience before the public and in the class room, her deep appreciation of the best in literature, make her an interpreter of rare power to touch the heart, quicken the imagination and arouse delightful thinking upon the work of great writers."

Oratory Department

The re-hearsals of Acts I. and II. of Hamlet last Friday afternoon showed a decided progress in comparison with previous renditions. The characters have their parts well in hand and play them in an encouraging manner. The third act was rehearsed on Monday evening. The director, Mrs. Eby, is planning to have the whole play practiced each week until the production is ready for the stage. Unless otherwise notified the entire cast will be announced in the next issue of the NEWS, as well as a regular schedule of re-hearsals.

Executive Committee Meeting

The Executive Committee of Lebanon Valley College met in President Keister's office on Monday, February 28, 1910, with the following members present: Pres. Lawrence Keister, Dr. W. H. Washinger, Chambersburg; A. S. Kreider, Annville, and John Hunsicker, Lebanon. At this meeting President Keister announced a special gift of \$1,000 for the purpose of putting a new roof on the administration building. Other things decided at this meeting were that an electric clock be installed in the administration building to ring at hour periods; that the rate of boarding for students next year be \$3.25 per week, and that the Fetterhoff will case, in which \$1,500 to \$2,000 are involved, be taken to the Supreme Court. The new roof will be placed on the administration building as soon as possible.

Ministerial Association Meeting

The ministerial association held their regular meeting in the Koontz-Ziegler room of the boy's dormitory Thursday evening, March 3. Besides the regular business that was transacted a report of the ministerial convention which was held in New York, was given by Mr. Fleming who was present there. His report contained interesting and valuable information concerning the work of the ministry in the large cities, especially their relations with the teeming multitudes in our large cities. A general discussion followed. Mr. Kottler will read a paper at the next session which will convene Thursday, March 17.

Conservatory of Music Notes

The students and public were very delightfully entertained by Mr. Earle Douglas Laros on Monday evening, Feb. 28. Mr. Dunmeyer, Treasurer of the Mendelssohn Club read an interesting paper on "The Value of Music" after which he presented Mr. Laros, who performed on the piano for an hour and a half.

Mr. Laros displayed marvelous technique and an unusually good interpretation of the compositions of the best musicians. He displayed great skill as a musician not only in technique but in expression as well. His program consisted of selections from Liszt, Beethoven, Chopin, Handel, Mendelssohn and Bach. Mr. Laros was so delighted with the place that he has consented to come again and entertain us at a future date.

This is the first pianist presented by the Mendelssohn Club and they certainly are to be congratulated on their choice. We feel that they made a very good beginning and wish them great success in every undertaking.

The Club has decided to furnish a room on the third floor of the Conservatory in which to hold their meetings. The proceeds from the recital will be used for that purpose. Already a real large sum has been subscribed by the members of the club. This is a new movement and it certainly should be encouraged. Any aid will be greatly appreciated.

The Mendelssohn Club presented the following program in the chapel on Tuesday evening, March 1.

Piano Solo, Effie Howard; Vocal Solo, Florence Rowland; Piano Solo, David Evans; Life of Beethoven, Margaret Rauch; Piano Solo, Sara Strickler.

Think of life as a real and an earnest thing, and its noblest realities will come to you.—Ex.

the task of organizing the School system of the town on a new basis was assigned to Prof. Dotter.

Y. M. and Y. W. C. A.

Y. M. and Y. W. C. A. met in the regular monthly joint session on Sunday afternoon. Mr. Grover C. Bair, the leader, took as his subject, "Christ as Our Teacher." This subject was very ably discussed by the leader and also by Miss Lau and Mr. O. T. Ehrhart. In all these discussions, the masterly way in which Christ was able to draw multitudes to him and teach them living truths, the methods he used, and the faithfulness with which he fulfilled every task were emphasized.

The solo by Mr. Earle A. Spessard and quartette by Misses. Freed and Musser and Messrs. Koontz and Weidler added much interest to the service. Much interest is being shown in the work of the association with telling effect both on the individual and school life.

Y. M. C. A. meeting next Sunday will be led by C. W. Plummer.

A "loafer" is to be distinguished from the man who desires to apply himself, but has not yet learned the art, and from the intellectually one-sided man who at best loafers discriminatingly. These two need training and friendly guidance, but they do not lack earnestness of purpose nor force of will. The men against whom we should close the doors promptly and effectually are those who loaf because they choose to, and who do not propose to change their occupation. For the college to do otherwise is to foster and encourage qualities most hurtful to the great object we are seeking to accomplish."—President Garfield of Williams.

Mr. J. T. Yoder, editor of COLLEGE NEWS recently celebrated his twenty-third birthday anniversary. He was remembered by his parents with a large box of palatable provisions such as roast chicken, cakes and pie which he generously shared with his friends.

Star Course

The recent number of the Star Course was a decided success. In many respects it was the best given at this place in years.

"The Servant in the House," that great play of Charles Raun Kennedy, was given by Mrs. Whitney in a most pleasing manner to a large and appreciative audience. This play contains seven characters with greatly varying personalities and much must be made of the art of intonation in the platform rendering of this play. Her large experience and deep sympathetic nature enable her to depict her characters in a most pleasing manner. She possesses in a marked degree that power of putting her whole soul into her lines which makes the hearer unmindful of all surroundings and to see her characters not as mere creatures of fancy but as real men and women. No one who has heard her interpretation of this play can fail to see the principle which underlies it (The Brotherhood of Man) in a new light.

Mrs. Whitney is connected with the faculty of Emerson School of Oratory.

Editorial

Once more the members of a senior class are preparing to relinquish their hold on college activities to intrust them to younger shoulders. They are beginning to think of their college life as a thing of the past, and are looking for an entrance into a new sphere of activity. As freshman they looked forward with enthusiasm to a brilliant college career. Life to them then was bounded within four short years, and their real life work was only faintly outlined in the vista of their imaginations. They were members of the great college world, absorbed with triumphs and achievements and entranced with the congenial atmosphere. It is with reluctance that they leave, and sometimes they are led to think that the increased number of college graduates lessens the opportunities of the individual. This however is not true. Our well organized social system in its growth

creates a demand for college bred men and women in the same ratio. Many of the positions open to the young graduate have their duties so minutely prescribed that unless the ones filling them appreciate the fact that they are merely executing the plan of another brain their own individuality and power of initiative may become blunted. The young man who works for a small salary and is exercising his powers of administration has greater chances of success than that one receiving a larger salary when he works as a subordinate. On the other hand the latter position with all other things being equal offers more chances of immediate success. The beaten path while attractive is not always the one to be chosen. Today there is a great demand for men of superior mentality in social and philanthropic work, and the development of college departments of Social and Political Science attest to this fact. The main thing to consider is the worthiness of a channel in which to direct your energies with not so much thought to immediate success.

W. E. Harnish, '10, manager of the base ball team added another home game to his schedule. This game is with Western Maryland College, and is listed for May 12. The prospects for a good team this year are very bright. At the present a number of athletic fees remain unpaid. It is extremely important that all fees be paid immediately. The manager has arranged a very good schedule, and all fees should be in at once, thus giving him a good margin to work on.

Oratory Department

The Oratory Department will give its second public entertainment Tuesday evening, March 22, at eight o'clock, in Engle Hall.

All who saw the first presen-

tation in "The Lord's of Creation," will look forward with much pleasure to the recital next Tuesday. Much care has been taken to choose selections and scenes of popular interest. The members of the department are making marked progress in their work and have prepared a program worthy of the attention of all. The following is the program:

Part I.—The Funeral, Carleton, W. A. Brunner; A Dreadful Experience, Butterwick, E. May Meyers; Bobbie Shaftoe, Greene, Helen Brightbill; The Rose Act, (in costume) Samothy Allen, Vera Meyers; Sellin' a Fellar, (in costume) Samothy Allen, Edith N. Freed; "Jammie," Ian McClaren, J. Y. W. C. A. Notes.

The meeting on Sunday afternoon was very interesting and unusually well attended. Mrs. Schlichter, the leader took for her subject "Qualities I most admire in students." She emphasized the fact that our college life is not only a preparation for life in the world, but that we will be the same when we leave school as we are in school. We have duties and obligations in college just as we will have after we leave it. After all what teachers admire in students is what they admire in any other persons — uprightness, truth, love, respect, service and the fear of God.

The Orange Social held on Saturday night in the Ladies' Hall was well attended and a fine sum was realized.

Alumni Committee Meets

On Monday, March 7, the executive committee of the Alumni Association met at the home of Miss Anna Kreider '00, in Annville. Rev. S. Edwin Rupp, '01, pastor of the Trinity U. B. Church, of Lebanon, is chairman of the committee. The committee is making plans for an Alumni banquet to be held during commencement week, 1910. They are also considering holding a grand rally of all Alumni, former students, students and friends of the college during commencement week of this year. The secretary of the committee has informed each of the graduate classes that in the future, class re-unions will be held tri-annually.

Y. M. C. A.

Mr. C. W. Plummer led the meeting on Sunday afternoon. He took for his subject "Faithfulness." A live discussion followed his remarks. Prof. A. E. Shroyer was present and closed the meeting with prayer after commenting on the lesson.

The regular annual election of officers will take place on Thursday at 12:30 p. m.

was organized last week with the following officers: President, L. L. Spessard, '11; Vice-President, Ivan Potter, '13; Secretary, James Shively, '12; Treasurer, Samuel Plummer, '12. The club is composed of twelve fellows from the student body. Two new double courts are being made on the site of the proposed Science Building.

At a recent meeting of the faculty, resolutions were passed in regard to athletics to the effect that only regularly matriculated students of the College and Academy, who have been students here for at least two weeks before the game in which they participate, will be allowed to play on a team representing the College, with the exception of pitcher and catcher of the base ball team. The members of all Athletic teams are required to have an average grade of 75 per cent. for fifteen hours work. A provision was also made that a pitcher while not pitching may play at any other position in the game.

The faculty is willing, however, to grant concessions to these rules at the request of the managers, when such concessions are absolutely necessary. Any breach of these rules makes the offending captain or manager liable to suspension for a period of six school months.

Editorial

We are now at the close of another winter and stand in the opening days of the glorious springtime. Gone is the snow and ice from the fields and hill-sides, and on these hills we now find the green grass and springing flowers coming from their long winter nap. The beautiful song birds which we love so well are returning from the sunny south-land and all the earth is wrapped in joy and gladness.

The remark was passed by one of the students a few days ago, "I do not believe there is any class of people to whom spring means more than to the college students," and we think he was right. At the very least he should have been right. Should not the awakening of nature be hailed with joy and gladness by everyone and especially by those who have been hard at work all through the winter months. We know that we are busy yet let us so arrange our work that we can spend some of our time with the birds and flowers. "Our lives

are not measured by how long we live, but by how much we do," says one writer, and we as students should remember that our education is not measured by the time we spend at our books. An hour each day spent in the open air with the birds, flowers and running streams will more than repay us. In ourselves our fortunes lie. Our lives are what we make them.

Clio.-Kalo. Joint Session

The Clonian and Kalozetean Literary Societies met in joint session on Friday evening, Mar. 18, in Kalo. Hall, Clio. officers presiding. The program rendered was a very excellent one and reflects great credit upon those who took part in its rendition. The Pennsylvania German sketch by Messrs. Balthasar and Biever called forth laughter time and again from the audience. The essay entitled "How Human Welfare Depends upon Observation," written by Miss Hoerner and read by Miss Musser was very carefully prepared and well read. The program was largely bettered and spiced by the musical numbers. The readings of Miss Brightbill and Mr. Ischey were greatly appreciated by the audience as were also the Society papers. The program as rendered is as follows: Piano Duet, Misses Gingrich and Bachman; Reading, J. W. Ischey; Quartette, Misses Freed and Musser; Messrs. Yoder and Renn; Essay, L. May Hoerner; Penna. German Sketch, J. S. Balthasar, W. D. Biever; Reading, Helen Brightbill; Piano Solo, Ruth Detweiler; Olive Branch and Examiner, Editors.

St. Patrick's Party

Although St. Patrick is dead, his ghost is as lively as ever and carries on his work with the same vim. He was unusually busy on Thursday evening in the Girls' Dormitory. It may seem strange that he wanted to visit the girls, and yet not so strange, for they gave him a warmer reception than anybody else would have done. For a recompense he moved about their halls, parlors and dining hall, and in a mysterious manner cast about charming decorations of his favorite color, which produced a very beautiful effect. As a finishing touch he scattered little snakes around through the building, which were good enough to keep in hiding until the order was given to drive out all the snakes from the building just as St. Patrick drove them out of Ireland. Mr. Reed, having the greatest effect on them, won the prize.

Music in the air gave the signal for a grand march. Fate took the shape of shamrocks and arranged the procession which moved to the dining hall where delightful and appropriate refreshments were served.

While the company ate, Irish maidens sang several of the good old Irish songs, which are always pretty.

The remainder of the evening was spent in a pleasant social way.

The color scheme was very well carried out. Green shone, probably as it never did before, for it was suggested in every way possible. The Clio. girls wore white with green ties and shamrocks.

This is the first party of the kind that has ever been given here. The girls certainly are to be congratulated on their efforts and the result, for everybody pronounced it the success of the season.

There were quite a number of guests from Annville and out of town.

Alumni

Mr. Paul P. Smith, '03, is assistant Manager of the Biddle Purchasing Company at Pittsburgh, Pa.

Miss Della Courson, '08, also a teacher in Long Island City is working for a degree at the same University.

Miss Helen Bressler, '05, who is teaching in Long Island City will finish up her work this spring for an M. A. degree at New York University.

Prof. Andrew Bender, '06, who is on the P. M. teaching staff of the Jersey City High School, spends his mornings at Columbia University, where he is working for Ph.D.

Miss Louise Kreider, '08, Conservatory returned to her home on Friday evening to spend Easter vacation with her parents Mr. and Mrs. G. R. Kreider. Miss Kreider is a student at Wells College, Aurora, N. Y., and her classmate, Miss Pearl Simpson will be her guest during her vacation.

Prof. N. C. Schlichter, '97, who is a national Y. M. C. A. Secretary attended a Religious Educational Convention, last week at Nashville, Tenn. Mr. Walter Kohr, '04, president of St. Charles Military Academy at St. Charles, Mo. was also present at this convention, which was held during an entire week. There were many prominent speakers addressed this important session.

An article on, "Our Divine Guide," by Rev. S. E. Rupp, '01, pastor of the Trinity U. B. Church, of Lebanon, appeared in *The Religious Telescope*, of March 9. In the March 16, issue of the same paper "The College and the University are discussed by Prof. Charles C. Peters, '05, of Cambridge, Mass.

Also "College Crisis" by W. G. Clippinger, '99, President of Otterbein University.

Lebanon Valley Alumni

Do not delay to send in all the information you know of all the Alumni of L. V. C. We are interested to know where you are and what you are doing.

Several of the Alumni have have written us saying they are anxious for the Alumni Supplement. Please send us all the information you can so that we may publish the supplement soon. "*Procastination is the thief of time.*"

Conservatory of Music Notes

The Piano and Song recital, on Saturday evening, given by the girls of the Conservatory was a success. Now can the boys do better than the girls? Well we must admit that both did very well.

PROGRAM

Menuette a L'Antique Op 14 No. 2, Paderewski, Florence Nye; Valse, in A flat, op. 62, No. 2, Gurliit, Ruth Lambert; Song, Jerushy, Gaynor, Margaret Rauch; Valse, Badienne, Howath, Florence Roland, Fairy Dance, Rathburn, Alma Fry; Song: (a) Serenade, Neidlinger; (b) A Vain Wish, Strickland, Carrie Nye; Impromptu Valse in A Flat, Lieurance; Vera Meyer; Barcarolle in G, Eurlich, Lottie Spessard; Song: His Buttons are Marked U. The boys gave a reception to the girls after the program,

which everyone enjoyed very much. Light refreshments were served.

The Mendelssohn Club had their regular meeting on Tuesday evening. A very good program was rendered and the attendance was unusually good. We are glad to notice that the interest is increasing very rapidly. The students see the great need of studying the lives of the great composers and find great pleasure in it.

Treasurer's Notice

The spring term bills will be due on Mar. 28th. The amount for tuition, boarding and room rent will be the same as for the winter term. We desire again to call attention to the reading of the catalogue, page 17, in reference to the settlement of accounts.

"The higher rate (the addition of one-fifth to the regular rate) will be charged after ten days from the day a bill falls due."

"Failure to pay one bill before a second falls due will exclude a student from classes."

D. E. LONG Treasurer

Mrs. G. R. Kreider entertained on Saturday afternoon from 2 to 5 o'clock in honor of her daughter, A. Louise Kreider, ('08, Conservatory) of Wells College, Aurora, N. Y., and friend Miss Pearl Simpson who are spending their Easter vacation here. Several impromptu reading and solos were very pleasingly rendered by some of the guests. Excellent refreshments were served and altogether it was a very charming affair. The following guests were present Misses Florence Christeson, Mattie Bomberger, Edith Lehman, May Hoerner, Elizabeth Meckley, Mary Spayd, Mary Musser, Edith Ereed, Esther Engle, Margaret Rigler, May Meyers, Helen Brightbill, Catharine Hershey, Lottie Spessard, LaVerne Keister, Mabel Herr (ex-'11,) Louise Kreider and Pearl Simpson.

COLLEGE NEWS

Y. M. C. A.

The Sunday afternoon meeting was in charge of Mr. J. K. Lehman, '11. He took for his subject, "The Thirsts of the Soul," and spoke of the physical thirsts and spiritual thirsts, emphasizing more particularly the latter phase of his subject.

The basis of scripture for the discussion was "The Story of the Woman at the Well of Samaria." The leader very aptly drew the analogy between the natural water or the object of human cravings, and the Water of Life or the desire for spiritual things. Several very interesting discussions followed the remarks by the leader.

Y. M. C. A. ELECTION

The regular election of the Y. M. C. A. was held Thursday March 17, at which time the following officers were elected for the ensuing year. President, O. T. Ehrhart, '11; Vice President, S. O. Grimm, '12; Secretary, Guy Wingerd, '12; Treasurer, W. A. Brunner, '11; Pianist, H. S. Dunmire, Music; Chorister, P. R. Koontz, '11; Trustee of Northfield Fund, S. G. Zigler, '11.

The regular standing committees will be announced later.

Y. W. C. A. Notes.

Miss Elsie Jones, a Y. W. C. A. Secretary, visited the girls over Sunday. She met the association on Saturday evening and gave a short and interesting talk. On Sunday afternoon Miss Jones addressed the regular meeting. The theme of her talk was personality and its influence. She gave the life of Alice Freeman Palmer, as an example of what a strong personality can do. She asked the question "Does everyone promote his and her interest for best influence?" To develop a strong personality four things are necessary: A strong body, a strong intellect, a strong character and strong religious tenden-

cies. These qualities can have a great influence in the world for good and it should be the desire for everyone to use them for that purpose.

THE ADMINISTRATION BUILDING

Since the erection of the Administration Building, the most recent structure on the campus, the classes find pleasant and roomy quarters for recitation. The Science Departments with their newly equipped laboratories afford first class opportunities for practical work and consequently offer better advantages in the higher standard of work required since their intro-

duction. On the third floor the Art Department holds commodious and modern quarters. Material is constantly being collected for the museum. Much credit is due Prof. Derickson for his interest in that department. During his recent summer excursions to Chesapeake Bay and Bermuda Islands many interesting specimens of marine growth and formation have been added.

Sunday, April 3—Y. W. and Y. M. C. A. Joint Session, 1 p. m.

Star Course

The last number of the star course will be given April 5th. The Orator of the evening will be Lee Francis Lybarger. He comes recommended as one "endowed by nature with those traits and qualities which have distinguished the world's great Orators and he has amplified these superior gifts by years of culture and training. Mr. Lybarger is most vitally concerned with whatever touches our human life and happiness. Perhaps no man of his age is more familiar with the facts of Social Science."

His theme will be "How to be Happy." This is regarded as his greatest lecture. We trust a large audience will greet Mr. Lybarger's appearance on our rostrum.

Resolve to perform what you ought; perform without fail what you resolve.—Benjamin Franklin.

Editorial

Along with the opening of the Spring term there is introduced a more varied means of recreation, consequently a tendency to spend a greater proportion of time out of doors. To most students this affords a great deal of satisfaction, since it gives them the opportunity of laying aside for a limited time their daily routine of work for the class room to revive their mental powers in some exercise of the body. There are a number, however, who are not enough concerned to take advantage of their opportunities. Some who evidently consider nothing but what pertains directly to their prescribed course of study, giving very little, if any attention to their physical development. Such should not be the case. More and more is it becoming universally recognized that the mental powers are largely influenced by the condition of the body; that the physical condition

controls the possibilities of the intellectual powers. The mind can do its best work when the body is in a healthy and invigorated condition.

In considering college sports and their relation to student life there is danger of another extreme, that of giving too much prominence to the athlete side; a tendency to neglect his literary work by giving too much time to college sports. Possibly the best conception of the part athletics should play in college life is given by Clarence F. Birdseye, who makes the following statement: "In considering athletics we must not overlook the fact that college athletics are primarily for relaxation, recreation and health, and hence indirectly for better intellectual work in college and for greater efficiency in life. We are apt to think they are for the honor and advertising of our Alma Mater."

Conservatory of Music Notes

Mrs. Jackson, Professor in Voice is spending the Easter vacation in New York City, the guest of her brother, Mr. Wilson. Mrs. Jackson will study under Mr. Lauger during her stay in New York.

Great efforts are being made by the teachers of the Conservatory to make the spring recitals a great success. Four fine recitals have been arranged for the voice students and as many for the piano students. The announcements will appear in a catalogue, very soon.

The Mendelssohn Club will meet on Tuesday evening after vacation.

Everybody come and hear the good program that has been arranged for.

Items of Interest

Prof. Schlichter spent her Easter vacation in Scotland, Pa.

Mr. Charles Plummer, '10, went to York to spend Easter with Mr. Kohler. '10

Mr. Wilbur Plummer, '10, is the guest of Mr. Earl Renn, '10, at his home in Middletown.

Miss Esther Engle, a former student of L. V. Conservatory, spent Sunday at the Ladies' Hall.

Most of the students went home to spend Easter. A few are guests of their friends and class-mates.

Mr. Robert Kreider, ex-'10, a student at Yale University, arrived here Friday to spend his Easter vacation.

Mr. Gideon R. Kreider, ex-'09, now of Lafayette University, spent his Easter vacation with his parents in town.

Prof Dodge left on Thursday for Boston where she spent a few days and then proceeded to Keene, New Hampshire, where she spent Easter.

Mr. Walk, '13, accepted a business position in the Wolf's Mill Works, Chambersburg, so that he will not return to school for the spring term.

Miss Helen Brightbill and May Meyer are spending their vacation in Hagerstown, Md., the guests of Miss Ruth Lambert, of L. V. Conservatory.

Miss Mary Nissley, who was obliged to leave school on account of ill health, is improving very rapidly, and was able to spend a few days of this week at the Ladies' Hall.

Miss Helen Brightbill entertained very delightfully on Tuesday evening in honor of Miss Louise Kreider, '08, Conservatory, now of Wells College, and her classmate Miss Pearl Simp-

son. The evening was spent in a very pleasant way and excellent refreshments were served.

The College Campus is being considerably improved at this time by the Woman's Board of the College and the Tennis Club. Men have been at work the past week removing dead timber and filling in where necessary. The Olympian Tennis Club, has leveled the former Science building site and two magnificent courts have been constructed.

Simon Pauxtis, the former University of Pennsylvania athlete, who was with the Altoona Tri-State League club last season and was purchased in the fall by the Cincinnati Reds, has registered in Wilkes-Barre as a law student and may give up base ball. He was "farmed" by Cincinnati to the Utica, New York State league club. Mr. Pauxtis was a former student at the College here, where he first showed his ability as a player.

Kalozetean Literary Society Observes Thirty-third Anniversary by the Rendition of Excellent Program

Friday evening one of the big events of the college year was celebrated at Lebanon Valley, the occasion being the thirty-third anniversary of the Kalozetean Literary Society. As there are no fraternities here the literary societies have full sway as student organizations, and as a consequence have attained an excellence not ordinarily seen, and the events they celebrate are among the most delightful of the year.

The literary part of the program Friday evening was held in the College Chapel. The decorations were simple and tasteful, and were in the society colors, red and gold. The stage was banked with palms.

The president's address, by F. E. Shaffer, was noteworthy for its common sense. Mr. Shaffer, twice foot ball captain, base ball captain, and a member of the basket ball team, pointed out that a community had no use for a college man unless he can make good in a practical way. That if a man is simply an athlete, a society man or grind, he has failed to gain what the college offers to him—the chance to become an all-around man.

Mr. Bair's oration was very outspoken in condemnation of certain obnoxious habits among some students: cribbing, etc. He had the courage of his convictions in specifically pointing out what he condemned.

Mr. Renn's oration was a plea

for universal peace and a settlement of national troubles by peaceful means rather than by war.

Mr. Yoder had an excellent eulogy on the late lamented Gov. John A. Johnson, of Minnesota.

The music was good. Special mention should be made of Mr. Hardman's piano solo, Mr. Strickler's vocal solo and the piano number by Mr. Mills. This latter was so enthusiastically received that Mr. Mills was compelled to play an encore, a very unusual thing at this college for a last number on the program.

After the literary program a reception was held in the society's hall, which was beautifully decorated for the occasion. The music for the reception was furnished by the Philharmonic Orchestra of Lebanon. The attendance was large. The program:

Piano Solo, Lieberwalzer, Moszkowski, F. F. Hardman; Invocation, Rev. A. K. Wier, '00; President's Address, F. E. Shaffer; Quartette, "My Wild Irish Rose," Olcott, Messrs. Hardman, Frost, Strickler, Renn; Oration, "Our Habits and Their Values," G. C. Bair; Vocal Solo, "The Horn," A. Flegier, A. D. Strickler; Oration, "The Triumphs of Peace," E. E. Renn; Quartette, "The Bridge," Lindsay, Messrs. Hardman, Yoder, Renn, Strickler; Eulogy, John Albert Johnson, J. T. Yoder; Piano Solo, March Militaire, Schubert and Tausig, C. W. Mills, '09 Music.

The meeting was conducted in a different way which proved to be a success. The leader Miss Lau read the story entitled, "The Three Weavers." The story was then commented upon by several of the girls. This plan will be followed in the spring term.

Editorial

We are pleased to send out with this issue a report of the thirty-third anniversary exercises of the Kalozetean Literary Society. Not simply because it is this particular Society but because the importance of any such organization and its practical value demands recognition of every academic student. There is little danger of giving too much prominence to the real purpose of a literary society. A student in college needs a wider training than that received in class room if he is to have the greatest value from his college course. It is true he gains a wider scope of knowledge and is capable of using his mental faculties to a better advantage, but yet there must be in addition to that an equal training to make application of that knowledge and an opportunity to exercise in a practical manner his developing powers. In the demands made for men to fill responsible positions the question is not so much what do you know, as, what can

you do? And any organization that will help supply that type of man commands the attention of everyone desirous of getting the most out of his college course.

Mathematical Round Table

The monthly meeting of the Round Table was held Monday evening, April 4th. Owing to the fact, that Prof. Lehman was convalescing from a week's sickness, the Club accepted his invitation to convene at his home. A well prepared program was rendered. After each regular number an interesting discussion followed in which a majority of members participated. One of the features of special interest was the plotting of curves from given equations and a discussion as to their practical application.

Prof. Lehman had kindly invited the Round Table to meet at his home at the next regular meeting.

Y. M. C. A.

Y. M. C. A. was held on Sunday afternoon by Paul E. Holdcraft who took as his subject Leaving the City of Destruction.

The latter part of the meeting was given over to the organization of a mission study class which will continue throughout the Spring term to succeed the course in Bible study which has been pursued during the preceding terms of the school year.

Brown's. "Why and How of Foreign Missions" will be the text used.

The Biological Field Club

The program arranged for Wednesday, April 13, at 7 p. m., is as follows: The Structure and Habits of Our Common Snakes, C. W. Plummer; Scale Insects and Their Effect on Trees in the Vicinity of Annville, H. E. our welfare. For us these anniversary exercises stand as milestones from which we are able to look into the past and future. To the past we look for the lessons we have learned in the school of experience and to the future we look with gladness because it holds for us new oppor-

Prof. E. M. Balsbaugh, '01, and Dr. M. W. Brunner, '01, of Lebanon, were present at the anniversary exercises.

Roy J. Guyer, '08, instructor in Latin at the Lebanon High School, attended the Kalo anniversary on Friday evening.

Rev. U. S. G. Renn, of Middletown, attended the K. L. S. anniversary on Friday evening as the guest of his son, Earl E. Renn, '10.

Among the ex-Kalos who attended the anniversary on Friday evening were Rev. A. K. Weir, '00, of Shamokin; Rev. S. E. Rupp, '00 of Lebanon, Rev. H. E. Miller, '00, Fred Light, '00 of Lebanon, and C. Wenzel Mills, music, '09 of New York city.

tunities for usefulness.

Certain questions arise before us as we celebrate these anniversary exercises from year to year and within recent years there has been thrown at the American student a severe and we think unjust criticism.

We ask you to consider with us for a short time this evening the question, "What does the World demand of the College Student?"

A quarter of a century ago the college graduate was found occupying our pulpits and pleading the cases in our courts. Then he was compelled to master Greek and Latin, while the subject of sciences was almost unknown. But today the large majority of the graduates of our colleges are men of scientific training.

Twenty-five years ago, when a young man applied for a position he was asked—What do you know? and a college diploma would admit him to almost any position he desired. Today the question is no longer, what do you know, but is stated in the words, what can you do? The diploma has ceased to be the key to a good position and today the young man who would make for himself a name in the world must develop his own talents.

To quote from the poet, "In ourselves our fortune lies, life is what we make it."

From all over the world young men and women come to the halls of our colleges and universities. These young men and women represent the investment of a community, paid into the Educational system of our nation. The community expects and has a right to expect a dividend in good men and good women.

When at the end of a four years' course the student returns to his home community, the community is justified in expecting him to be able to do things. They have no use for the one who spent his four years in idleness. They have no use for the one whose only accomplishment is the scoring of the greatest number of points on the football field, or who heads the batting order of the baseball team. No the world expects and demands that the college graduate be a man or woman of the highest type.

To produce this kind of man or woman time must be spent, judiciously. We must study, we must take exercise, and it is best that this should be in some phase of college athletics. We must enter into all the possible phases of college life, being limited only by our own capabilities.

We think Henry Van Dyke states the answer to our question very clearly when he writes.

"The true success of student life does not lie in the attainment of scholarship alone but in the unfolding of an intelligent, upright, fearless, reverent, kind and happy manhood, ready and and glad to do a good service in the world."

Our Habits and Their Values

Forty and five years have written their events upon the pages of American history since that April night when Abraham Lincoln was shot by the madman's bullet. The whole nation was

plunged in grief because of the death of the one who stands foremost in the pages of our history. Born in an humble home situated deep in the American forest, deprived of a mother's care and advice, having a lazy and careless father, and no educational advantages, Abraham Lincoln rose, step by step, regardless of

G. C. BAIR

his surroundings until at his death he occupied a place second to none in American history.

Did he find a few cents too much in his till at evening, nothing was too much trouble in order that the mistake should be corrected. Did he wish to study law, he procured a copy of Blackstone and read the law for himself. No mistake, however small, was allowed to go uncorrected, and it was because of such habits that he was sent to the national legislature. Later he was chosen as the president of the republic at the time when the best man the country could produce was demanded. Through the four long years of civil war, while the best life-blood of the nation was being poured out upon the southern battlefields and the mighty national issues settled forever, it was the hand of Lincoln that held the "Ship of State" true to her course.

To be able to do this called for certain habits and principles, united with calm, deliberate thought and decisive action, to form that structure which we

call character.

All down through the ages men have studied, defined and discussed character, and Emerson, I think, has struck the keynote when he says "Men of character are the conscience of the society to which they belong," or in other words, the character of any man determines his value to the society of which he is a part.

But I care not whether you accept the definition of Emerson or of some other writer. Neither do I care if you form your own definition; only this is true, nevertheless, that character is the greatest motive power in the world and you cannot avoid its force.

Each of us is the architect of his own character and with us lies the decision whether we will finish our structure in real or imitation material. It may be possible for us to deceive our fellowmen for a time, but the period of deception will end and some time we will be forced into limelight of public criticism. Then will we stand the test or will we be compelled to enter the prisons of shame and disgrace because we have not measured up to our opportunities? A noted lecturer says: "Do not blame any man for making a mistake, but blame him if he makes the same mistake twice." How many of us are making the same mistake not only twice, but time after time we are doing those things which we know are wrong, and thus we are forming habits which will leave us weakened characters.

Daily we see those of our fellow workers who are wasting their time and opportunities and not only receiving nothing in return themselves, but robbing their associates as well. I know we say to ourselves and one another, "I loaf too much, but I am going to cut it out and get down to work next week," and I know that some of us have been saying those words ever since we came

to college, and we loaf more today than ever. Again, you say you can stop smoking if you want to, and I believe every word you say, yet in all my experience I have seen only one fellow in this institution who had enough of will power to carry out his want to stop smoking, but I have seen more than one fellow who said, "I am going to stop smoking," and stopped for a short time, then took up his pipe and cigarettes because he did not have control over his own will.

Again I have heard fellows speak with horror of the blackness of immorality which is practiced in our American cities, and within twenty-four hours those same fellows were indulging in the lowest kind of immoral conversation, building for themselves a character which will not stand its own weight.

You, my fellow students and associates, young man or young woman as well, you study and devise ways, means and methods of cheating your way through the examination room, and you succeed. You expect to get your diploma and go out into the world as a teacher, a minister, a lawyer or a doctor and be a success. Some time your test case will come when you have no pony, and a human being will give his life because you as a surgeon did not know where to find the artery that was cut. You as a lawyer did not see the point in the case which would have saved your client from the penitentiary or from the gallows, or some soul will go to hell because you as a minister did not have enough stability of character to mend the evil ways which you formed in college. And let us remember that it is not only we ourselves who lose, but our associates often fail because of the evil habits in our lives.

During the four years of my college course I have seen several persons come and go from the halls who to speak in the terms of common phraseology were not worth the room they

took up, and at their departure left behind them a record black with shame and disgrace. More than this they left behind them a damnable influence which like the little leaven mentioned by our Savior has a tendency to leaven the whole lump, and because of the influence of these few fellows there are those of you present to-night who if you had to depend upon your own record to keep you in college would have been eliminated long ago.

We are planning for ourselves a golden future. Every one of us I believe expects the best part of our life to be still ahead. Let us then build for ourselves characters which will stand foursquare in every test. Let us live the kind of life described by a recent writer in the following words.

"A life that has nothing to hide. A life that can stand upright and look without flinching into the eye of any man, with the boldness of him whose strength is as the strength of ten because his heart is pure. A life clean from dishonor, a life clean from neglected duty, a life clean from impurity. A life clean from the fear of what any man may do unto us."

Triumphs of Peace

"Buried was the bloody hatchet;
Buried was the dreadful war-club;
Buried were all war-like weapons;
And the war-cry was forgotten
Then was peace among the nations."

These words portraying this beautiful sentiment were uttered by the renowned poet, Longfellow, and tell us how peace was maintained among the pre-historic inhabitants of this, our great and glorious nation. Why should there have been a cessation of war? Why buried the war-like weapons? Why harmony and concord among these barbaric tribes, whose chief object in life was to achieve supremacy by the savage butchery of their fellow-men; whose unwritten motto was, the survival of

the fittest, and whose only law, might is right? What next does the poet tell us? That the tribes of men might prosper. This is the one reason. The greatest achievements manifest themselves through the prosperity of a nation; the greatest triumphs through its progress. Has it not been wisely said, "Peace hath her victories no less renowned than war?"

E. E. RENN

"Let us have peace." These were the words uttered by the reserved and silent warrior, General Grant. He knew by actual experience the cost of war, not only in money and devastation of country, but also in human blood. Probably, while making this statement he was was thinking of the thousands of widows and orphans caused by the bloody war then about at an end.

Doubtless the day is coming and soon when it will be considered a relic of barbarism for one nation to make war against another. And just so soon as nations see the absurdity of war, just so soon will it end. Take our Civil War for an example. The great question at issue looming up before the mass of people was, "Shall the slaves be free?" This should have been merely a business proposition and settled by business men instead of agitators and soldiers. However, instead of being settled in this way, war was declared,

COLLEGE NEWS

which lasted four long and terrible years, costing millions upon millions of dollars. But this was not least of its effects; for, all this the time, business was at a standstill, progress was thwarted and the brutish instinct was incalculated into the hearts of men. It was to the death, North against war South, brother against brother. Then think, fellow Americans, if you can, of the fearful record of deaths from all causes, the sick, the maimed, the broken hearted, and the bereaved. As well, the devastation of the country, and lastly, the breach it left in the feeling of fellowship between the

influence of peace. In countries where quiet has reigned for years, it is easy to discern the advancement of art and inventive genius. Improvements are rapidly being introduced and the mind of that country is hunting, yea, searching fathoms deep for something that will be of use to its people. At the same time the people are reciprocating by being of use to their government. All our inventions, however great or small, are generally considered nowadays simply as mere conveniences. But they were attained only by industry, much thinking and hard work,

ing, and Darwin, Tyndall and Huxley in science. The novel is the most widely popular and most characteristic type of the nineteenth century prose. Every section of the country has furnished a local novelist of power, and the short story has been brought to a remarkable degree of perfection. Magazines of every quality have flourished exceedingly and the better newspapers have devoted more attention to literature.

In this golden era we have better schools, more colleges, greater facilities for study at hand; the result—a better, a

KALO HALL

North and the South, which even at the present time has not been wholly eradicated.

The crowning glory of the nineteenth century has been its science. The great sciences of mathematics, chemistry, biology, astronomy and philosophy have all been brought to their present high level during this last century. And correlatively with these works we think of the great minds who perfected them. These scientists and philosophers are the ones who have formed order out of chaos, have made the triumph of peace.

Inventions, also, have felt the

and stand as one of the most striking evidences of the triumphs of peace.

There is no doubt but that peace has had its greatest effects upon science and invention. However, we also find that influence gradually working its way into literature and culture. The spirit of this is new, and we have already felt the effects, the great strides towards higher education, and along all lines of literary activity. Eminent writers of this period are Browning and Tennyson in poetry, Thackeray and Dickens in prose, Carlyle and Macaulay in essay writ-

ing, a more liberal education for all.

We have advanced equally as far in the perfection of fine arts as we have in the aforesaid. Architecture and painting have progressed, the theater has been greatly improved, and the advance in music has been so very remarkable that the past one hundred years is often referred to as the musical century. Instead of our great battle fields of war, we now have our great battle fields of business, where fortunes are made, glory and success achieved and victories won.

England is an example of what an age of peace has accomplished for a nation. At the close of the eighteenth century "England was an impoverished, benighted, and backward country. The nation was in debt; the bulk of the population was pauperized. The press was shackled, the civil service was simply the football of patronage, and crime was steadily increasing, through the operation of a criminal code so barbarously severe as to be utterly worse than useless." Yet out of these unpromising beginnings has emerged the England of our day; the England of a great, scientific, literary, commercial, and political people; a dominion on which never sets the sun; the country which divides with us the repute of having the greatest resources and greatest enlightenment of modern times; the home of individual freedom and honest administration. Said Emerson, "Nothing can bring you peace but the triumph of principles."

America is great and strong, and is truly a giant; but while it is well to have the strength of a giant, it is not always well to use the strength like a giant. Let us devote our energies to the art of peace rather than to the science of war; and if we accomplish this, we shall exalt this nation above all others and peace and prosperity shall reign supreme. The night is sinking in the west; War be gone! The day is breaking in the east; "Let us have peace."

John A. Johnson

In an address introducing one of our country's greatest statesman Provost Harrison of the University of Pennsylvania made the following statement: "Of all sciences, that of politics is supreme. It furnishes the basic ideas out of which law, order, and civilization grow. Organized knowledge—Mathematics, Physics, Chemistry, Mechanics—follow only its recognized establishment. They can-

not precede it. He who helps to form or maintain a State must always rank with the noblest figures in history. Men of this type create and preserve the human foundations on which art, science, culture, morality, and religion are built."

As a native of Minnesota John A. Johnson grew up amid the inconveniences of poverty, with

J. T. YODER

humble surroundings. He spent but a brief period in the country school, leaving at the age of thirteen, without even having the privilege of a High School training. Because of the moral lapse of his father he was compelled to contribute to the support of the family. With right impulses and the influence of a good mother he cultivated traits of character, which won for him the respect of everyone who learned to know him. His first permanent position was in a drug store, where as an intelligent and active boy he rendered faithful services to the proprietor. It was while thus engaged that he developed a desire for reading. With well directed tastes, guided by a kind friend, he supplied his growing appetite for reading, giving him a wider scope to his improving literary taste. During these years he cultivated a liking for debate, and participated in local discussions, through which he became known as the local orator. By this time his mental activity and growing in-

telligence began to be recognized. With these qualities and a reputation of being equal to anything he had yet undertaken he became editorial partner of the local democratic paper. This was the turning point in John A. Johnson's career. Making application of his recognized talent he soon became an editor of force. He was always firm and independent, but pacific, avoiding all hostile demonstrations. His good relations with his brother editors was fortunate for him when he became candidate for governor; every country paper had nothing but complimentary words for him. Always industrious, alert, and chivalric in his deportment he won respect in his community and in the best social circles.

It is natural and to be expected that such a man, attractive and popular, should turn his attention to the science of government. Although Minnesota is a Republican state, and he himself formerly a sympathizer, after a careful study of the tariff question he became a devout supporter of the Democratic party. As a candidate for the Senate he was defeated the first time, but in the following election he carried his district. Although handicapped by the Republican majority he took a high position in the Senate. His services in this capacity proved him a promising candidate for Governor. At the Democratic State Convention of 1904 the Ex-Senator John A. Johnson was nominated by acclamation a candidate for Governor. In spite of the overwhelming Republican majority and the intensified public enthusiasm for Roosevelt, Johnson was elected. At the close of his term he was again a candidate and carried the state by an increasing majority. And for the third consecutive time, in face of the Republican Presidential plurality of nearly 85,000, he was elected by a plurality of some 20,000.

In the administration of his duties he took up policies which

his state needed. He opposed corporate abuses, favored a state income and inheritance tax, sought to extend state control over street railways and telegraph and telephone lines. He was bitterly opposed to railway passes, sought the reduction of railway fares, favored municipal ownership, the initiative and referendum. He was a full representative of those policies which both parties are pressing in the West, and as he was one who had educated those parties, both parties adopted him. By these policies we have judged him politically. But if we would inquire deeper into the real cause of his remarkable popularity and success, it was not so much his political convictions as his fortunate personality which was the basis of his achievement. He was not endowed with any fabulous powers or superhuman virtues; he was simply Johnson. Although his speeches will not fill volumes of American eloquence, his attractive ways and evident sincerity will always mark an important factor in the public's respect for the man.

"There was something romantic about his career which attracted public attention," says James G. Baker. "The first Governor to be born on Minnesota soil; the sudden rise of the washer-woman's son to the most conspicuous man in the state; his early poverty and his fight against adversity; coming, like Lincoln, from the cabin to the capitol; all these things everywhere strike a responsive chord."

Johnson was always accessible and sociable; constant to his principles and his party, but tolerant of the feelings and views of a political opponent. He was not indolent, but full of activity. Everybody who met him saw that in this unassuming man there was strength, and felt the charm of a certain fineness of fibre in the apparent ruggedness of character. It was in this rare and unique combination that we find the elements of his popularity and much of the reason why he was a Democratic Governor of a Republican state. In fact, he was, as Governor Hughes of New York has said, "One of the finest illustrations of American opportunity well used."

The members of the Hamlet caste have decided to dispense with further practice of the Shakesperian play owing to the fact that they cannot accommodate the time of their rehearsals to meet the regulations of the faculty regarding study hours. Much time has already been devoted to preparation and the play was thoroughly memorized. The play was to have been given sometime in May. The director, Mrs. Eby, of the Oratory department, was well pleased with the condition of the work, but wanted the few remaining weeks to practice on expression. This action is a source of regret to many who await with pleasure this annual event.

The editorial staff of *College News* will in a few weeks be reorganized in order to give the new editors some experience before the opening of the next college year. The members of the present staff take this opportunity to express their appreciation of the support tendered by the students, friends, and alumni to them during the past few months in their attempts to inaugurate this long felt need of the college.

Many very gratifying letters have been received from members of the graduate body scattered over the United States, expressing the welcome they have for the infant journal.

We trust the Alumni will constantly encourage the venture by enlisting new subscribers and that the students may always rally to the support of this phase of college activities demanding their attention.

Alumni

J. Walter Esbenshade, '03, made a business trip to Annville on April 21.

Henry Wilder, ex '08, spent Monday here as the guest of Mr. F. A. Rutherford.

Max F. Lehman, '07, Principal of the Hershey High school, has been appointed census enumerator for Annville.

Rev. Charles H. Fisher, '04 of York, spent Sunday, April 17 in Lebanon and preached in the Trinity United Brethren Church.

Prof. H. H. Shenk, '00, will give the address to the graduating students of the Royalton High School on Tuesday evening April 26.

Arthur Spessard, '07, Conservatory, Director of Music, at Mt. Hermon, Mass. with Mrs. Spessard spent several days here last week visiting his brothers and sisters.

Prof. J. Lester Appenzellar, '08, of the Chambersburg, Pa., High School, has been appointed secretary of a committee of three, under whose auspices meetings are held in Chambersburg every Sunday afternoon, in an endeavor to arouse enthusiasm for the establishing of a local Y. M. C. A. This is Prof. Appenzellar's second year in the Chambersburg High School.

Miss Alice K. Lutz, '08, Conservatory, who has been teaching in the Musical Department of Bucknell University for two years, will sail with a party of eight for Europe on June 25, leaving New York on the "Kroonland," Red Star Line. They will visit Belgium, Holland, Germany, Austria, Bavaria, Switzerland, Italy, France and England. Miss Lutz intends to study music while abroad. Prof. J. Karl Jackson, a former instructor of vocal music in Lebanon Valley

College, will be one of the party. They will return the latter part of August.

Y. M. and Y. W. C. A. Joint Session

The Christian Associations had joint session on Sunday afternoon at one o'clock. Mr. Wilbur Plummer had charge of the meeting. After a short song service the leader read from the scripture "Christ's Call to his Disciples" and offered prayer.

Mrs. Albert, editor of the *Woman's Evangel*, gave a very interesting and inspiring address. She made a very strong appeal for collegemen and women to become interested in the "world's work." The missionary boards want the best to carry on the work and since they are in our colleges, they are for college men and women. Mrs. Albert gave very thrilling reports of some of the recent conventions and how the people have taken for their motto "The Evangelization of the world in this generation."

Miss Rowland sang the beautiful hymn "The Man of Galilee," and the meeting closed.

The Associations appreciate Mrs. Albert's visit very much and wish her great success in her work.

Conservatory of Music Notes

The second of the series of song recitals was given on Wednesday evening. This was the Schubert-Mendelssohn Recital, the program being composed of some of the best selections from these master composers.

Owing to the inclemency of the weather the attendance was not as large as that of the Character Recital but the audience was as appreciative. The selections were very well interpreted and showed excellent finish. Miss Katherine Gingrich and Ruth Detweiler furnished the instrumental numbers, and as

usual, displayed fine musical talent. The following is the program:

Duet—Greeting, Mendelssohn, Misses Laura and May Christeson; My Sweet Repose, Schubert, Miss Florence Roland; Lobder Thranen, Schubert, Mr. Lester Spessard; Scherzo in B Minor, Mendelssohn, Miss Katherine Gingrich; Der Lindenbaum, Schubert, Mr. Frank Hardman; *a* Am Meer, Schubert, *b* Impatience, Schubert, Miss Edith N. Freed, Duet—Maybells and Flowers, Mendelssohn, Misses Edith Gingrich and Margaret Rigler, *a* Who is Sylvia, Schubert, *b* Hark, Hark the Lark, Schubert, Miss Mary B. Musser; Duets, *a* Abenlied, Mendelssohn, *b* Oh, Wert Thou in the Cauld Blast, Mendelssohn, Miss Edith Freed, Mr. Earl Spessard; *a* Der Tod und das Madchen, Schubert, *b* The Erl-king, Schubert, Miss Mary Christeson; Impromptu in A Flat, Schubert, Miss Ruth Detweiler; Ave Maria, Schubert, Miss Edith Gingrich; *a* Wanderer's Nachthied, Schubert, *b* Serenade, Schubert, Mr. Earl Spessard; Chorus—I Waited for the Lord, Mendelssohn, (From the Hymn of Praise)

An opportunity to compete for economic prizes amounting to \$2,000 has again been given to the students of the Pennsylvania Colleges. The invitation comes from Prof. J. Laurence Laughlin, of the University of Chicago, who is chairman of the committee in charge of the contests.

The prizes have been offered from year to year by Hart Schaffner & Marx for the past six years and have brought out so many excellent studies of commercial and economic subjects that they are now renewed for the seventh year.

The subjects of the essays cover such important topics as: The value of protectionism to American workingmen; The economic reasons for or against

Editorial

"Do you covet learning's prize,
Climb her heights and take it.
In ourselves our fortune lies,
Life is what we make it."

These are the words in which the poet tells us that we are the masters of our own fate or fortune as the case may be. Does our life seem burdensome? Are we living out the slow drudgery of a pessimistic existence? It is because we desire it to be so. Are our associates cheerful and gay? It is because they are picking out for themselves the roses and casting aside the thorns. They are gleaning for themselves the golden grain from life's harvest field and casting aside the chaff. Not many days ago we heard the remark "There is no use in trying because you cannot rise above your environment". We hope that those of our readers are few who believe such a pessimistic philosophy. No man is bound by his surroundings so that he can do nothing. The pages of history are filled with the deeds of those men who have risen above their surroundings, in fact, no man who has not risen above his environ-

ment has achieved anything worthy of a place on the pages of the world's history. Let us cast aside the thought, should it ever chance to enter our minds, that life is not worth living, that we bound by fate to live our lives and die in the same little rut in which our ancestors did their work. We are to take up the work where they have laid it down and carry it on toward glorious finish.

Conservatory of Music Notes

The Mendelssohn Club had its regular meeting on Tuesday evening in Mendelssohn Hall. After a short business meeting the following program was given:

Vocal Solo, Miss Eva Foltz; Vocal Duet, Misses Laura and May Christeson; Essay, Music in Italy, Mr. Dunmeyer; Piano Solo, Miss Mae Meyer; Vocal Solo, Miss Mary Musser; Piano Solo, Miss Edith Gingrich. The music numbers were very pretty and well rendered. The essay, "Music in Italy," was very interesting and instructive.

After the program the president, Mr. Smith, extended an invitation to all present, to a reception, in honor of Miss Laura Christeson, assistant piano teacher. The time was spent very pleasantly in a general social way. Prof. Jackson and Mr. Dunmeyer, in behalf of the members of the club, expressed their appreciation of Miss Christeson's work and interest in the music department and their best wishes for her success in her new position.

Miss Laura Christeson left on Friday morning for Mt. Hermon, Mass., where she will take up her duties immediately, as piano teacher in Moody's School. Miss Christeson filled her position very well in L. V. Conservatory and she will be greatly missed by all who know her.

Mr. Fred Smith will succeed Miss Christeson as assistant in piano.

"Remember that youth stays long with those who treat it well."

Alumni

Prof. A. E. Shroyer, '00, was called to his home last week on account of his father's illness.

Prof. Charles G. Dotter, '09, principal of the Annville High School, is confined to his home owing to serious illness.

Arthur Spessard, '07, conservatory with Mrs. Spessard after spending several weeks with relatives here, returned on Friday to Mt. Hermon Mass.

George N. Hoffer, '06, who is assistant Professor of Biology and Bacteriology in Purdue University, Lafayette Ind., will take a course this summer at Columbia University in Plant Physiology. Mr. Hoffer is at present the instructor of a department in Plant analysis at Purdue.

Ministerial Meeting

The regular meeting of the Ministerial Association of the college met in Room 19 of the men's dormitory Tuesday evening.

The paper for the evening was read by Paul Holdcraft, the subject being "Essential Qualifications of the Christian Ministry." The meeting was interesting and well attended, there being sixteen members present. Howard P. Light was proposed and elected to membership.

Mr. Boyd Wenger was appointed to read the paper at the next meeting.

Base Ball

Lebanon Valley was shut out by Millersville Normal on Saturday, April 30. The game throughout was hotly contested. The pitching of both teams was excellent but that of Froe clearly outclassed his opponent, and with perfect support would have won the game for Lebanon Valley. The visitors scored one run in the first inning on errors. From that until the seventh they were retired with little difficulty. In the seventh two more runs were scored by them. Lebanon Valley had a chance to score in the fifth and then again in the seventh, when with two men on base a squeeze play was tried. Both times the chance was thrown away by loose base running. The score follows:

COMMITTEE**Clonian Reception to the Class of 1910**

On Friday evening, April 29, the Clonian Literary Society rendered a well prepared program for the seniors of both the literary and music departments. Among the features of this session were the interesting characterizations of the members of the class of 1910. In a very able and clear manner were their eccentricities as well as their extraordinary qualities elucidated.

The fact of prophecy was not omitted, which seemed important to the prophetess who predicted with a prophetic eye both great and small things for the

future alumni. There were predictions of positions occupied in 1920 from that of the Librarian at L. V. C. to a professorship in the College; from a pastorate at Belle Grove to one in Lebanon City; from the editor of the COLLEGE NEWS to that of "Puck," from the common law scribbler to that of U. S. Senator from New York, the latter position being the culmination of the highest ambitions of any of the class. Many also were married a fact not omitted.

The music for the occasion was very fine and well rendered.

After the program was concluded there was a fine, grand and elaborate reception tendered the honored guests. Punch a la mode, French wafers, sunshine cakes, etc., were served. All the members of the Senior classes left with hearts and minds renewed for greater things in life.

The following program was rendered:

Piano Solo, Ruth Detweiler
What I think of the Seniors,
Nellie Seltzer, Quartette, The

Model Seniors, Florence Roland, Lottie Spessard, Edith Lehman, Sarah Zimmerman, Prophecy, Helen Brightbill, Piano Solo, Effie Howard, Farewell to the Seniors, Helen Weidler, Piano Duet, Lizzie Lau and Carrie Light.

Mathematical Round Table Notes

The regular monthly meeting of the Round Table convened at the home, of Prof. J. E. Lehman Wednesday eve., April 27. The first number on the program was a paper by Nellie Seltzer on, "Current Events in the Mathematical World." She pointed out the decided advance of the Association of Teachers of Mathematics during the past year, an organization which is constantly growing in interest as shown by the spirited discussions and excellent papers appearing on its programs.

Roger Saylor gave an interesting discussion on, "Parallel Lines," in which he pointed out some of their properties and importance in the study of Geometry.

After a short business session the meeting adjourned. However the program of the evening did not end here as Prof. Lehman kept all interested in various contests of a mathematical nature. His purpose became evident later, when choice refreshments, consisting of ice cream and cake were served. The members of the Round Table take this opportunity to express their appreciation through the columns of THE NEWS for the pleasant evening afforded them.

"Our lines are not measured by how long we live but by how much we do".—Seniles.

Editorial

With this issue, we, the new staff of the COLLEGE NEWS, greet you. By a comparison with last week's paper you will notice that the editorial staff has changed somewhat in order, tho not entirely in personnel. We realize that we are undertaking no small task, even tho the size of our paper is small compared with some published by other colleges. In order to make ours the best possible, the co-operation of the entire student body and Alumni Association is needed. The staff will spare no pains in bringing about the desired effect, with the strong and hearty support of every student and Alumnus of old L. V. C.

As this is our first attempt, we beg that your criticisms may be at least moderate. If errors occur, tell us and not everybody else whom you meet. If you know anything of interest concerning the College, anyone connected with it, or any Alumnus, we will thank you to kindly let us know about it. As a new staff we wish to thank the former editors for the fine condition

in which the NEWS was handed over to us, and we appreciate all the favors done by them that our work may be the lighter.

In the hope that everything which we may publish will be truly "College News," with the firm support of all, we look for nothing else than success during the coming year. To obtain this result, it is necessary that each student take enough interest in the welfare of this paper to see that his or her subscription be placed immediately if this has not already been done. Again we greet you.

Base Ball

Lebanon Valley was awarded the victory in the game with Western Maryland last Thursday because in the ninth inning Western Maryland took exception to the umpire's decision and

forfeited the game, 9-0. The game opened by Lebanon Valley scoring in the first inning. From that until the sixth neither side scored although Lebanon Valley threw several chances away by bad base running. In the sixth Western Maryland scored three runs while Lebanon Valley tied the score in the seventh. Neither side scored in the eighth but in the ninth the visitors scored two runs. Wilson came to bat for Lebanon Valley when the bases were full and two men down. He was given his base on errors and at the same time two runs were scored. This again tied the score 5-5 and the visitors taking exception to the decision forfeited the game.

If Lebanon Valley had played a conservative game at base running she would have easily out classed the visitors. Wilson pitched an excellent game. He managed to mix them so that the visitors were kept guessing all the time, while Lebanon Valley hit Cottrell with ease forcing him to retire in favor of Twigg in the eighth inning.

The score follows:

Y. W. C. A. Meeting

The meeting on Sunday afternoon was conducted by Miss Veda Snyder. After a short devotional service, the leader read several chapters from Mrs. Van Vorst's late book, "The Woman who Toils." This book is very interesting and gives a keen insight into the lives of the factory girls. Mrs. Van Vorst spent much time in gathering material for her book, and the way in which she does this, disguised as a factory girl, is very thrilling. It is a great inspiration to learn of the courage of such a woman.

Kalos Entertain Seniors

The Kalozetean Literary Society was the host of the Senior Class on Friday evening, on which evening the following program was rendered in their honor:

Chorus, Society; Our Class Cousins the Seniors, D. C. Keister; Piano Solo, Lloyd Fegan; Prophecy, W. O. Ellis; Baritone Solo, Harry Bender; Presentation, W. O. Biever; Au Revoir, R. L. Shenk; V. O. Weidler responded for the class and thanked the society for their hospitality. Light refreshments were served.

Y. M. C. A.

The past week has been one of increased enthusiasm in Y. M.

C. A. circles. Mr. Frank Koehler, State Student Secretary of the Y. M. C. A., spent Tuesday, May 10, at the college, and held conferences with the cabinet as a body and with the individual committees. The work of the coming year was gone over and the policies of the various committees were reviewed. The following policies have been adopted as the aims of the several committees:

MEMBERSHIP COMMITTEE

1. To have as many male students as possible join the association next year by a thorough canvas of all the fellows.

2. To do everything possible to have the handbook ready for distribution the first day of school.

3. To do as much as possible for every new fellow as soon as as he arrives.

CHAIRMAN, R. B. SAYLOR

DEVOTIONAL COMMITTEE

1. To arrange at the beginning of each term for the leaders of each session during the term.

2. To arrange to have good speakers to come from other points and address the association.

3. To hold a missionary meeting once per month.

4. To pray our policy through.

5. To push it through.

CHAIRMAN, E. A. SPESSARD

BIBLE STUDY COMMITTEE

1. Every man in Bible study this year.

2. Two Bible study rallies during the year.

3. Personal workers' committee for increased attendance.

4. Strongest available leadership.

5. Interesting Courses of Study.

6. Religious census at the opening of Fall Term.

7. Formation of a normal class.

8. To make the association stand for a higher moral factor in college life.

9. Lead men to Christ.

P. R. KOONTZ, CHAIRMAN

MISSIONARY COMMITTEE

1 That we shall endeavor to make missions and mission work better known during our term of office:

(a) By an every member canvass among the students

(b) By regular meetings throughout the year.

2 That all loyal students shall pray daily for the cause.

3 That the best men shall be elected as leaders.

4 That the courses shall be made as attractive as possible.

5 So as to awaken a greater interest in foreign mission work.

6 That we co-operate in order to more successfully extend the influence of the Y. M. C. A. in the community.

F. R. KENNEDY, CHAIRMAN

SOCIAL COMMITTEE

1 To create a more friendly spirit among the members of the association and also between the members and friends of the association.

2 As a means to this end the committee shall meet in conjunction with a similar committee of the Y. W. C. A.

3 To give two receptions; one at the beginning of the school year, the other at the beginning of the Spring term.

J. K. LEHMAN, CHAIRMAN

FINANCIAL COMMITTEE

To raise all funds necessary for the judical expenditures of the association.

Mr. Koehler suggested that we send as many delegates to Pocono Pines Conference as possible.

The meeting on Sunday afternoon was addressed by Rev. John A. Eby who spoke upon association work. Rev. Eby discussed very ably and very interestingly the democratic idea of the Y. M. C. A., its history and origin, its rapid progress, the importance of the evangelical test, its organization, its practicality, its extension and its departments, and the kind of men that are required to do efficient Y. M. C. A. work.

Editorial

The days at L. V. C. for the Class of 1910 are swiftly drawing to a close. With mingled feelings of joy and sadness we watch them pass, as the time to bid you farewell steals rapidly upon us. We are glad to see you enter larger fields of usefulness but loath to lose your congenial friendship. The period of life you have spent here will leave its impress on our institution, and, with few exceptions, will render its atmosphere more healthful and invigorating for those who follow you.

Your sphere of action will be removed from us but we trust that you will always remember, and will strive to aid, your Alma Mater to pursue that course of usefulness to which she is destined.

If you cannot aid, forbear to injure her. What you as a student have found unsatisfactory and below your ideals, as an alumnus strive to remove. Be sure of your position and then

with unabating vigor press onward, never ceasing until you have attained your aim. Your honor shall be our honor, our institution's honor; your victories shall be our victories.

Wherever your future work may call you; whatever your future vocation may be, the best wishes of the NEWS for your success attend you.

The next number of the NEWS will be issued the latter part of the week. It will be the last number for this school year and will bring to you the events of commencement week.

Conservatory of Music Notes

The musical recitals of the past year have shown a marked advance over those of previous years in many respects. The technique shown in the rendition of both piano and vocal music was hardly anticipated a few years ago. This result is due to the wonderful ability of both Professor and Mrs. Jackson to impart their subject to the pupil.

Last Tuesday evening a beautiful recital was given by Misses Ruth Detweiler and Mae Meyer, piano, assisted by Miss Mary Musser, voice.

The program follows:

Sonata in D minor op. 17 Beethoven, Largo-Allegro; Impromptu in A flat major, op. 90, Schubert; *a* Song Without Words, op. 18, No. 3, Mendelssohn; *b* Frühlings rauschen, op. 32, No. 3, Sinding; Song—Sognai, Schira; *a* Summer Night, Binet; *b* Study in D minor, Heller; Etude de Concert, La Cascade, op. 114, Bendel; Berceuse in D flat major, op. 57, Chopin; *a* Consolation in D flat major, op. 13, Dennee; *b* Gondolieri in E major, op. 25, No. 2, Nevin; Song, *a* Love has Wings, Rogers; *b* A Little Maiden Loves a Boy, Clough-Leiter; The Two Larks, Leschetizky; Valse Brilliant in A flat major, op. 54, No. 1, Chopin; Moment Musicale, op. 7, No. 2, Moszkowski.

Sophomore-Freshmen Game

On Monday afternoon the student body repaired to the athletic field to witness the last athletic contest of the college year between the Sophomore and Freshmen classes. Hensel and Paul Loser were the opposing twirlers. The Sophomores had every chance to win the game but after several doubtful decisions against them by the umpires they began quibbling among themselves and teamwork was wanting, while their opponents were slowly pulling their band together into concerted action, which resulted in a victory for the Freshmen by the score 11:5. Mathematical Round Table

The Mathematical Round Table held its last regular meeting for the year, on Wednesday evening. A short but very interesting program was rendered. John Lehman's paper on axioms opened up a lively discussion on that subject. Miss Lau read an interesting biography of Napier, one of the great early mathematicians and Mr. Loser a carefully prepared paper on the Fundamentals of mathematics. The meeting was well attended, as all have been during the year.

W. C. Shoop, '11, Vice President, N. B. S. Thomas, '12, Secretary, G. A. Richie, '13, Treasurer, Paul E. Holdcraft. George E. Johnson was elected a member of the organization.

On Saturday a party of twenty six young people from college took a straw to ride Mt. Gretna where they passed the day return-

ing home about 9 o'clock in the evening. All reported a very enjoyable time.

A number of students enjoyed a special six o'clock dinner in the College dining room on Thursday evening. The table was loaded down with all the good things of the season, which were thoroly enjoyed by all. Those present were Mrs. Violette Freed, Misses Edith Freed, Mary Musser, Mary Nissley, LaVerne Keister, Edith Lehman, Messrs. E. A. Spessard, Paul R. Koontz, Samuel O. Grimm, Ivan K. Potter, Samuel B. Plummer, and James C. Shively.

Alumni

Miss Ruth M. Hershey, '06, a teacher in the Jersey City schools spent Saturday, Sunday and Monday at her home in Hershey.

Dr. W. A. Washinger, '91, of Chambersburg was a visitor to the college on Wednesday.

Jessie Brane, '09, Conservatory, arrived on Friday, from her home in Dayton, Ohio. Miss Brane will spend several weeks in this vicinity, and be present at the college Commencement.

The following correction has been received in reference to statement in Alumni supplement.

H. E. Enders M. S. PhD. (Hopkins) of Purdue University.

The Oratory Department

The third and last public recital of the Department for the year will be given in Engle Hall at 2 p. m., Monday, June 6. A program of great variety has been arranged consisting of two one act comedies, one entitled "Sunset" by Jerome K. Jerome, a very interesting little play by six members of the Department, and

the other entitled "The Kleptomaniac," which has some very amusing and interesting mixups. There will also be some excellent readings. This recital will be free to all the friends of the college.

The department will hold its annual banquet Monday evening at nine o'clock in the Library Hall. About one hundred, members of the department and their friends, will enjoy this happy occasion.

Tuesday morning June 7 at 10 o'clock a debate will be given by the Oratory Department which will be open to the public. The question for debate will be "Resolved that the Church is Fulfilling its Mission." Judges will be chosen and a prize will be given the winning side.

Examinations in the Oratory Department were given Tuesday May 31, at 10 a. m.

Mrs. Eby, principal of the department spent two days in New York City last week.

Miss Vera Myers who was compelled to give up her work on account of illness has greatly improved and expects to return to continue her work in oratory next year.

Rev. J. W. Eby of Huntington Indiana, father of Mr. J. A. Eby is visiting at the home of Mrs. Eby, principal. Rev. Mr. Eby has been in the active ministry of the U. B. Church for more than thirty-five years.

The success of the department of Oratory has been remarkable this year, passing all previous records and surprising all the friends of the college. The power of such a school to increase the value of education has already been evidenced by the marked improvement in the public efforts of the students who have taken the work during the year. A most sanguine spirit animates all the members of the Department and next year's prospects are exceedingly flattering.

Base Ball

Lebanon Valley lost two games to Albright College at Myers-town on Memorial day. The ten a. m. game was lost by a bunch of errors in the seventh when with two men down Albright scored three runs.

The afternoon's game was a battle between the pitchers. In this game Shipe struck out eighteen men while Wilson struck out thirteen. The score follows:

The Lebanon Valley College Baseball team will play the Alumni Team on Thursday afternoon June 9. This game promises to be an exciting one and should be attended by all friends of the college.

At a recent meeting of the Grand Lodge of Penn'a., I. O. O. F., at Williamsport, Elmer E. Craumer, an alumnus of L. V. C., was installed as Grand Master. The NEWS extends its congratulations to the gentleman for this distinction.
